## Former Sgt. Says Youth Will Make Good American

### In Letter- Gives High Praise to Fahrenheit

Sgt. Llewellyn C. Becker, with whom Werner Fahrenheit, young German refugee, made his home in that country for over two months following World War II, in a letter to Wilfred Chagnon tells how he came to know the youth and stated that "Werner wants to become an American and I believe he will make a good one."

The letter to Chagnon was in response to a telephone conversation with the former sergeant last week in an effort to gather facts for an attempt to save the youth from deportation on September 15.

In his letter Becker stated: "Am hoping that the following information concerning Werner Fahrenheit will be of some use to you."

"Werner first came to our house in Buschlag, Germany, during the month of June or July 1949, the exact date is unknown to me. He inquired about washing my automobile for a sandwich. It was at lunch time so I gave him a bucket and rag."

## Practically Entire Slate Of Republican Candidates To Speak at Rally Sept. 15

Acceptances already received indicate that almost all of the entire slate of State Republican candidates will attend and speak at the Newton Republican Club Rally to be held at the Weeks Junior High School Friday night, September 15.

President L. Johnson Callas stated that all arrangements for the rally are nearing completion and everybody is very enthusiastic about it. In addition to State candidates, local Republican leaders and candidates will be present and if time permits, will be presented to the audience. This will enable Newton people to meet and hear almost all of the State and local candidates whose names will appear on the primary ballots. Many Republicans from cities and towns outside Newton are planning to attend and take advantage of the opportunity to hear all the candidates.

James Chandler who is in charge of the Rally Program, announces that John Whittemore and his committee are completing arrangements for refreshments. Another committee

### Display Flag Monday, Opening Day Of Schools, As Tribute To America

Monday is opening day of schools here. It might well be flag day as well, for the two are synonymous. Education in America is priceless and nowhere but America is education so plentiful — and so free.

Monday then, should be a day of silent tribute to education and Americanism. Let every home, every business establishment, every civic building in Newton fly the Stars and Stripes this Monday. Let us do this; let us not fail to do it. Let Newton lead the way and show by the display of our flag, that America stands united — that America does not suppress — that the freedom for learning is available to all its citizens, yes to even those who are not as yet naturalized.

Let us prove to the tyrannical countries of the World that here in Newton — in America — the right to obtain an education is available to all.

Let us, with many of our sons fighting in foreign lands, prove that we have not forgotten — that we stand with them, united.

Monday is opening day of the schools in Newton. Monday MUST be the day to display our flag as a symbol of education — of freedom. Let Newton lead the way in this silent tribute to our schools, our homes, our way of worship, our country, our boys in Korea.

Let the flag of America — the Stars and Stripes — be unfurled from every school, home, building and factory in Newton Monday. The effort is so small — the tribute so great. We must not fail!

### Zone Changes Due to Be Taken Up Soon

Sweeping changes in the zoning ordinance of the city, as recommended by Prof. Frederick Adams of M.I.T., will come up for consideration in the fall when a series of public hearings are scheduled to be held.

Prof. Adams made a survey of Newton's zoning system this year and the plan is to create new classifications for zoning, including an apartment district permitting the erection of multiple dwelling houses. Another provision would be the establishment of two business zones in place of the present business zone.

## Parts For The Heating System Have Not Arrived

Due to an unforeseen delay in the delivery of essential parts of the heating system, the new Memorial School in Oak Hill park will not be ready for use Monday, the opening day of schools, and it will in all probability be three weeks before the school building will be ready for occupancy.

In a statement issued to parents of pupils of the Oak Hill section of the city, Harold B. Gores, superintendent of schools today said:

"Despite the efforts of the construction company and city officials to have the Memorial School ready for occupancy at the opening of school, an unforeseen delay in the delivery of essential parts of the heating system has caused the delay."

## Bottomly—

(Continued from Page 1) man, and Russian people, and convinced me of the necessity of a program such as the Crusade For Freedom.

"Too much cannot be done to counteract the Soviet influence on both sides of the Iron Curtain. Truth can penetrate the shells of a lifetime of Communist indoctrination in enough individual cases and sufficiently to make a Crusade such as this imperative."

On Tuesday, September 5th an organizational meeting of the Newton Committee for the Crusade For Freedom was held at the Newton YMCA. Present at the meeting in addition to Chairman Bottomly were John W. Whittemore, Newtonville insurance representative, James G. Chandler, West Newton contractor, Thomas J. Lyons, businessman from Auburndale, Anthony F. McLaughlin, Auburndale insurance representative, and Dr. Everett L. Pierce of Newton. At this meeting plans were made to implement the Crusade For Freedom drive in Newton during which citizens will be asked to sign a Freedom Scroll, affirming their belief in the basic freedoms. They also will be urged to contribute generously for the continuation of a newly-established broadcast station in Berlin, Radio Free Europe. Funds also will be the means of expanding this station into a network of freedom radio stations throughout areas of Europe and Asia where the Russians have penetrated.

It is hoped that a renewed freedom pledge on the part of citizens and the establishment of these radio stations to supplement "Voice of America" broadcasts will counteract the barrage of Red propaganda in Soviet-dominated countries.

# WILL ASK \$25,000 FOR PARKING AREA

## Mayor Urges Aldermanic Action for The Centre

In line with the necessity, and recognizing the need, of off-street park areas at the Centre, Mayor Theodore Lockwood will recommend to the Board of Aldermen at its meeting Monday night that an appropriation of \$25,000 be made for the taking of land for the establishment of an additional area in this business district.

This action has been sought by the merchants of the Centre for some time, the contention being that the limited restricted street parking areas have been proving a detriment to their business interests.

The Mayor will request that the Board of Aldermen take land described as Lot 1 of Section 65, Block 24, on Cypress street, Ward 6, for a parking area.

He will also recommend that the sum of \$5000 be appropriated for the demolition and rough grading of such areas in the city as may be made available for parking areas.

It has been the contention of the Centre merchants that land already taken for this purpose should be made suitable for use of patrons, even though all the takings have not yet been completed and the recommendations of the Mayor to the Board of Aldermen should do much to hasten relief to the congested parking sites which now exist in the Centre shopping area.

## Miss Marjorie A. Smith United In Marriage With Melville J. Barley, Jr.

Sunday afternoon, August 27, at 3 o'clock, Miss Marjorie A. Smith, daughter of Mr. and Mrs. Clyde Smith of Stoughton, was united in marriage with Melville J. Barley, Jr., also of Stoughton, son of Melville J. Barley of 18 Furbush avenue, West Newton. The ceremony was performed in the Congregational Church of Stoughton.

Given in marriage by her father.

## Miss Joann Acker, Recent Bride, To Reside Here After Honeymoon

Miss Joann E. Acker, daughter of Mr. and Mrs. S. M. Acker of 14 Church street, Newton, carried staphanotis and Eucharis lilies with her princess gown of lace over satin when, on Saturday, August 26, she became the bride of James Bernard Thomas, son of Mr. and Mrs. Bernard Thomas of New Brunswick, N. J. Her tulle veil fell to her fingertips.

Mr. Acker gave his daughter in marriage in Our Lady Help of Christians Church, Newton, at 11 o'clock. Following the ceremony, a reception was held at the home of the bride's parents.

Attending Miss Acker as her maid of honor was Miss Theresa Carroll. Wearing aqua organza over matching taffeta, with a net hat of the same color, Miss Carroll carried flame color gladioli.

White over aqua was the costume of the bridesmaids, Miss Margaret Murphy and Miss Bernadine Thomas, the bridegroom's sister, who carried old-fashioned bouquets.

Norman Thomas was best man for his brother, and another brother, Richard, ushered as did the bride's brother, Alan. Miss Florence M. Herlihy played the

wedding music which included "Ave Maria" and "Mother at Thy Feet Is Kneeling." Mrs. Acker selected aqua satin for the gown she wore at the marriage of her daughter, Mrs. Thomas, mother of the bridegroom, wore pink lace.

On their return from a wedding trip to the White Mountains, the couple will make their home in Newton. Mr. Thomas, a graduate of St. Peter's High School and Massachusetts Institute of Technology, is currently doing advanced work at M.I.T. Mrs. Thomas is a graduate of Rosary Academy and Pierce Secretarial School.

Already many leading exhibitors have engaged space for the event, and among others Ruth Webb Lee, well known authority on glass and author of many books on the subject, will be present.

Mrs. Edna K. Horton, 35 Westfield road, Newtonville, is Director of the show, assisted by Mrs. Gladys McGill, chairman of Ways and Means of the Newtonville Woman's Club.

Mrs. Mabel Mattson, who is a member of the Newton Republican City Committee, is active in assisting and is doing much to interest people in attending.

Rosh Hashonah eve services will be conducted at the same church Monday, at 8:15 p.m. Rabbi Mandel will speak on "The Meaning of Shalom."

On the following day, Children's Services will take place from 9:30 until 10:30 a.m., and Rosh Hashonah services for adults will begin at 11 a.m. Rabbi Mandel's topic for that significant occasion will be "Secrets of Survival."

For the solemn Kol Nidre service next Wednesday at 8:15 p.m., Rabbi Mandel will speak on "In Search of God." Her sermon topic for Yom Kippur, Thursday, September 21, at 10 a.m., will be "Jonah and the Intellectuals." During the memorial services, the rabbi will speak on "Faith of Our Fathers."

Special children's services are planned for Yom Kippur also, from 12:30 to 1:30 p.m.

How little do they see what really is, who frame their hasty judgment upon that which seems.

### Deadline October 1st

## Holder of Purple Heart May Apply for 1949 and 1950 Tax Exemptions

William J. Maloney, chairman of the United Veterans' Organization of Newton, advises all Newton veterans, who have been awarded the Purple Heart, their wives or widows and fathers of veterans who lost their lives in the service, that they may apply for an exemption of both the 1949 and 1950 taxes, providing application for said exemption is made on or before October 1 of this year.

Maloney has learned that some of these veterans have made an application for exemption of 1950 taxes, unaware of the fact

that they are also eligible for exemption of 1949 taxes and that they still have time to take advantage by receiving applications from the Assessor's Office at City Hall and filing same on or before the deadline date.

If a copy of the Purple Heart award or a government telegram has been filed for 1950, it will not be necessary to file it again for application of exemption of the 1949 taxes.

Maloney also stated that he has been advised that many of Newton's veterans are still unregistered to vote in the primary election and he asks these veterans to register immediately following the primaries, so that they may be eligible to vote in the regular election.

After the next monthly meeting of the UVO, a program will be published, advising all unregistered voters just what nights they may register after the primaries, and those able to do so days may register at City Hall between 8:30 a.m. and 5 p.m. daily.

## William L. Paine

# Appointed Bank Chairman For 1950 "Army" Drive

At a recent meeting, Kenneth E. Prior, General Chairman of Newton of the Salvation Army's forthcoming appeal for funds, announced the appointment of William L. Paine, as Bank Chairman.

Assisting Mr. Paine in the banking division of the Industrial Committee are Walter A. Hood (Co-operative Banks), Louis LeBlanc (Commercial Banks), and H. Winston Mercer (Savings Banks). Also announced was the election of Robert Blackington and George E. Delaney, as Workers.

In the Residential Division, of which Mrs. Edward Godfrey Huber is Overall Chairman, good progress has been made this week, according to Mr. Prior, in rounding out the personnel of several teams.

"Volunteers are responding gratefully to our calls for workers to serve on Residential teams throughout the City," said Mr. Prior. "Of course, we need still more. And now that so many people are getting back from vacations, I'm sure the teams will quickly be built up to their needed strength. However, in order to speed our organizational program, I earnestly urge all who can possibly help in furthering the splendid work of the Salvation Army to get in touch with our local headquarters at 314 Washington street, Newton Corner, DEcatur 2-9240. The time and effort asked of each worker will be moderate. But the collective effort of hundreds of individual workers will add up to a total that can easily sweep Newton beyond its required dollars-and-cents quota. And I believe," added Mr. Prior, "that those who share in our overall drive to provide the Salvation Army with the necessary funds for its invaluable work, will find their reward in the deep satisfaction that comes from lending aid to a very human and very worthy charity."

Following are the Residential team captains and workers who have volunteered their services since the first list was announced a week ago.

Newtonville Team Captains: Mrs. William B. Heatz and Mrs. Leon Huston, Newtonville Workers: Mrs. Robert E. Schneider, Mrs. G. F. Brinson, Mrs. Bernard Brooks, Mrs. Clarence Taylor, Mrs. Frank Clark, Miss Sally Clark, Mrs. Paul Lockwood.

Newton Team Captains: Miss Rhoda White and Mrs. Warren K. Lewis, Newton Workers: Mrs. Norman Atkinson, Mrs. Harold Crehan, Miss Frances Hardy, Mrs. Thomas Silliker, Mrs. Mason Stone, Mrs. Michael Weyler, Mrs. Arthur Ackroyd, Mrs. Dwight Allen, Miss Laura Bryant, Mrs. Thomas MacNeil, Mrs. Chester Smith, Mrs. George Wyman, Miss Grace Weston, Mrs. Samuel Black, Mrs. Clifford Gunsallus.

West Newton Workers: Mrs. Isabelle Hatton, Mrs. Christine Moore, Mrs. James A. Warner.

## Falvey Making a Strong Bid For Council

Donald B. Falvey, Jr., who is seeking the Democratic nomination for Governor's Council, has a host of friends in Newton working in his behalf and his campaign is receiving strong support throughout the district which includes Newton, Watertown and Waltham.

Two years ago, Mr. Falvey in the same contest, received over 121,000 votes and lost the Democratic nomination by a very slim margin. This year his friends and workers are confident that he will receive the highest number of votes in the contest.

He resides in Belmont, was educated in the public schools there and attended Suffolk Law School. He is chairman of the Democratic Committee in Belmont.

Mr. Falvey served 38 months with the Marine Corps in the Asiatic theatre in World War II and is a member of the Belmont Amvets.

God is able to meet the need of all and fulfill every desire; it is just a question of your hunger for righteousness.

of essential parts of the heating system has forced upon us the decision not to open the Memorial School for a period of three weeks.

"This decision was reached reluctantly after prolonged consultation with the architect, contractor, heating engineer, and officials of the Public Buildings Department of the City of Newton. For the three-week period while we await occupancy of the Memorial School, the children of the Oak Hill and Memorial Schools will continue as in the past to share the Oak Hill building. Because the numbers are so great, it will be necessary to put the school on two sessions for this period. This solution was arrived at after discussing the problem with a sampling of residents whose children would be affected by the decision.

"Beginning next Monday, the Oak Hill pupils will attend school in the morning from 8:30 to 12 o'clock, and the Memorial youngsters in the afternoon from 12:30 to 4 o'clock. Bus routes in both school districts will remain the same as last year. The Memorial School pupils will be taken to school at 12 and 12:15 o'clock.

"The Nursery School sessions cannot begin until the Memorial School opens because of lack of space at the Oak Hill School. The office at the Oak Hill School will be open all day on Friday and Saturday of this week to register children new to either district and to answer questions relating to the opening of school. The telephone number at the school is Lasell 7-5564, and the home telephone of Mr. Tanner, Memorial School principal, is Bigelow 4-3870."

## Would Transfer Property To Salvation Army for Its Use

The Supreme Judicial Court will hear a bill in equity October 2 which has been filed by the Mothers' Rest Association of Newton, Inc., asking permission to transfer its property to the Salvation Army.

The bill outlines that the association was organized May 4, 1903 "to maintain a Home to which tired mothers with their little children may be invited for a rest."

However, since there has been insufficient demand for the services of the association to warrant its continued operation, the

Joseph Cronin of St. Ann's Church, Wollaston, officiating, Miss Elinor Joyce Braceland of 45 Cottage street, Newton Upper Falls, was married Saturday afternoon, August 26, at 3 o'clock to Walter Thomas Munger of 22 Capital street, Watertown.

Miss Braceland, daughter of Mr. and Mrs. George William Braceland, was given in marriage by her father in Mary Immaculate of Lourdes Church, Gladioli and phlox decorated the altar before which the double ring ceremony was performed.

The bride's gown was of white organza over taffeta, with a brief train terminating the bouffant skirt. Ruffles trimmed the collar and cuffs, and her veil of tulle was caught to a bonnet. The prayer book she carried was that of her aunt, Mrs. Victor Richwagen, and to it was attached orchids and Stephanotis.

Wearing a lime taffeta and carrying a basket of mixed flowers, the maid of honor was the bride's sister, Miss Nancy Braceland. The bridesmaids were Miss Jeanne Wallace of Newton Upper Falls and the bridegroom's sister, Miss Theresa Munger, who wore orchid taffeta. All wore the headbands to match the flowers in their baskets.

Miss Jill Braceland, three-year-old sister of the bride, was gown-

## Archers Hold Praise—Tournament

In spite of the threatening weather earlier in the day, the Newton Archers held their annual championship tournament on the Newton Centre Playground. Archers came from Worcester, Attleboro and Waltham. There were very few visitors to watch the shooting. There was a brief shower in the afternoon that made the archers wonder a bit about finishing the round.

The woman taking championship honors for the Newton Archers was Letitia Doten. She has had the distinction of having been a junior champion and woman's champion once before. She won a cup for the championship rounds as well as the Columbia Round Plate. She will keep the championship cup for a year and the Columbia Round Plate until April.

The second and third places were won by Vera Andrews and Aline Bangsberg.

The championship for men was won by Dr. Reginald S. Hunt while Victor Lemay placed second and Howard Denton third.

Mary Lemay proudly won the junior championship trophy. This she will keep for a year.

For the visitors the archers from Waltham took several honors. Marion Frost took the Open Championship for women as well as the Columbia Round Plate for visitors. Malcolm Pearce won the Open Championship Cup for men and Eugene Small took third prize. The second place was won by Edward Gay of Worcester.

The range prizes were won by:

## Newton Girls Join In Candle Service

The Camp Fire Girls took candle service on Lake Maquam, Hanson, was held Friday evening, August 25, marking the close of their 29th successful camping season at Camp Kiwanis, the Greater Boston Camp Fire Girls camp which was attended by the Newton Camp Fire Girls.

During a special ceremony 300 tiny candle bars, made by the campers themselves, were set afloat, each with a wish that the "people of all nations may learn to live together serenely" as campers and counselors have learned to do this summer at Kiwanis with "peace" as their theme. The candle ceremony was preceded by a Friendship Council Fire, the closing event of the season, when each camper and counselor lighted her own wishing candle. The entire camp participated in putting the candles afloat at the edge of the lake.

The following Newton girls have attended Camp Kiwanis this season:

Everdeen Westray, Patty Gordon, Lois and Barbara Fleisher, Susan Stone, Jill and Lesley Madfis, Maybelle Rosenberg, Grace Olsen, Jane Renker, Martha and Nancy Kuhns, Myrna Rice, Marcia Rosenberg, Joan Rosenthal, Paula Wolfson, Sonya Loeb, Gayle Huberman, Nancy Jensen, Sheila Natol, Barbara and Marilyn Tansey.

Miss Dorothy Stanley of Newton is on the counselor staff at Camp Kiwanis.

C. Russell Mason of Newton is chairman of the Greater Boston Camp Fire Girls Day Camp Committee.

Philip Shulman of Oak Hill is heading the Franklin District in the Boston Commercial Division for a second year.

William C. Waugh, of Newton Centre, and Crawford R. Ferguson of Waban, have been appointed chairmen of the two Foodstuffs Sections in the Mercantile Division. Mrs. Gladys Becket Jones of West Newton, president of the Garland School, will serve as Group Chairman of the Private Schools in the Service Division.

Boston headquarters for the 1951 Red Feather Campaign have been set up at the new Mason Memorial Building, 14 Somerset street.

some, so he was in pretty fair shape.

"Werner has suffered at the hands of the Nazis and from his parents, some of his experiences as related to me were really tragic. He doesn't care to speak too much about it. I think I can understand why. Werner lived with some English soldiers in the English zone. He wrote and received several letters at my house from them during his stay there. Contents of the letters is unknown to me except on one occasion he asked me to read one. It was written as one friend unto another. He often remarked about visiting these people and I was under that impression when he departed my house in January, 1950. He never said anything about his destination, just remarked that he would return in a couple of weeks. No bags were in his possession when he left that I know of.

"Later I was informed that he stowed away on an airplane going to the States and was picked up there sometime later. He always enjoyed talking about the States, asking questions about this or that.

"In my own mind, I rest assured in the knowledge that Werner wants to become an American and I believe he will make a good one. He idolizes any and all Americans and what America stands for. He would make a better American than a lot of D.P.'s that are coming into this country every month.

"In closing I will say that Werner has no Nazi or Communist trends or beliefs. He is honest and will work; has no criminal tendencies whatsoever. My deductions are based on the seven months that he has lived with us. All the boy needs is a proper home and supervision and he can and will become a good citizen.

"If I can be of further assistance or service, please do not hesitate to call on me."

### Memorial Services For Miss Mary P. Winsor, Founder Of Famed Girls' School, To Be Held Mon. At Weston

Memorial services will be held Monday at the First Parish Church, Weston, for Miss Mary P. Winsor, 89, of 140 Dudley road, Newton Centre, founder of the famed Winsor School for Girls. Miss Winsor died last Friday.

Born in Salem and reared in Winchester, Miss Winsor was a descendant of an old New England family, and the daughter of a country doctor. Her early education was obtained in a small private school run by her mother. Later, she attended Miss Ireland's School and Smith College, Class of 1883.

Soon after leaving college, she began to teach. At first, she had but a small school for girls and boys, attended by her brother and sister and their friends in Winchester. In 1886, she came to Boston to teach the children of a few friends. From this venture developed the Winsor School, now in Longwood after having occupied six different locations. It grew from an initial enrollment of 12 students to one of 300.

The Winsor School, one of the first preparatory schools for girls in the country, was established in 1886. The founding of schools was somewhat of a trend in the Winsor family. Miss Winsor's brother founded the Middlesex School.

The Winsor School, which was to pioneer in the introduction of physical education and science in the curricula of girls' schools, soon became the so-

cially accepted day school for girls in Boston. Miss Winsor, herself, taught French and the history of art.

In 1922, Miss Winsor retired as director of the school, and thereafter travelled widely for many years. She made numerous trips to Europe.

For many years, she enjoyed singing in choral clubs. Her first experience in this type of singing was at the age of 10, when her mother took her to the great Peace Jubilee of 1870 at the Colosseum, on the site of the present Copley Plaza Hotel. She sang in the chorus, "The Heavens Are Telling the Glory of God" and in several others, including the "Anvil Chorus."

Her many other activities included a special interest in the education and progress of Negroes, and the Boston Guild for the Hard of Hearing. She was deaf for 60 years.

She leaves three sisters: Mrs. Joseph Allen of Des Moines, Ia.; Mrs. Lyman V. Gale of Cambridge, and Mrs. Henry G. Pearson of Newton Centre.

**DOWNEY**—Funeral services for James J. Downey, of 29 Waban street, who died Tuesday, August 29, were held from the Hanill Funeral Chapel, 276 Centre street, Newton Centre, last Friday morning, followed by a solemn high mass of requiem at the Church of Our Lady at 9 o'clock.

Mr. Downey was the husband of the late Elizabeth Downey.

**SAMPSON**—Alexander S. Sampson died at his home, 7 Clark terrace, Newtonville, last Thursday. Funeral services were held last Saturday morning with a high mass of requiem in the Church of Our Lady, Newton, at 8:30 o'clock.

Mr. Sampson was the husband of the late Minnie (Fraser) Sampson.

**BURNS**—Funeral services for Maurice J. Burns who died Sunday, were held from the W. H. Thomas Memorial Funeral Home, 75 Glen street, Watertown, Wednesday morning at 8:15 o'clock, with a solemn high mass of requiem at the Church of Our Lady at 10 o'clock.

He was a member of the George J. Whitten Club No. 1, Department of White, U.S.W.V., and the Boston Letter Carriers' Mutual Benefit Association.

**DEMARCO**—Mrs. Florida (nee Stie) DeMarco, died at her home 449 Washington street, Newton, Sunday. Funeral services were held Wednesday.

## Outlines a Plan for Child Safety

"Parents, if you have a child who is beginning school this fall it is time to start teaching him safe walking habits." This reminder to local parents came this week from Chief Philip Purcell of the Newton Police Department.

"The importance of teaching children how and where to cross streets and the safest way to walk to school cannot be over-emphasized," Chief Purcell said.

Going to school is the first experience which many children have in crossing streets alone, he explained, stressing that adequate preparation for this venture by parents makes the difference between a child who is capable of safely crossing streets and one who is in grave danger of being struck down in traffic.

Chief Purcell outlined the following suggested plan for parents to train their children in traffic safety.

"As soon as your child is able to walk and accompany you in crossing streets you should emphasize your own safe walking habits, explaining the procedure of watching for cars, crossing at corners, obeying traffic signals and so forth as he becomes old enough to understand.

"However, if this training has been overlooked, work out the safest route to and from the school considering the streets on which there is the lightest traffic, the corners which are protected by police officers or school safety patrols on duty, and other factors. When school begins accompany your child along this safest route to school explaining how to cross at each intersection.

"When he seems to know the route and safe walking habits, allow him to lead you on the route to and from school. After he has learned the way thoroughly he is ready to go to and from school, equipped with safety habits for his own protection.

"The schools and the police department have a safety program. You will cooperate with us, won't you?" concluded Chief Purcell.

Newton residents registered two wins this past week at WCRB's Win-It. On Monday, Mrs. Charles Ganss, of 44 Taft avenue, West Newton, had a winning card and a winning call. She received the award of \$50 in prizes. Just two days after Mrs. Walter Forbes of 12 Whittemore road, Newton, had a winning card and got her call through to the station. She also received \$50 in prizes, one of them being a handsome table lamp valued at \$25.

The Graphic extends its heartiest congratulations to Mrs. Gilead Secord, of 133 Newtonville avenue, Newton, who observed her 89th birthday on Tuesday of this week. Her many friends and neighbors dropped in to wish her many more years of happiness and good health. Mrs. Secord was born in Canada but has resided in Newton for over 50 years.

## Plays Part In Two Films On Submarines

A Newton Highlands Navy man serving aboard the submarine U.S.S. Baya with the Pacific Fleet, has played minor parts in two motion pictures about submarines.

He is Arthur L. Duffy, seaman, U.S.N., son of Mr. and Mrs. Andrew R. Duffy of Boylston street.

He acted the part of a German U-boat sailor in Universal-International's "Men of the Sea" starring Macdonald Carey, Maria Toren and Robert Douglas. He played himself in Columbia's "Guided Missile" starring Glen Ford. This was a story about the Navy's rocket-launching submarines.

Both pictures were made in San Diego, Cal., using the Baya as the location.

Before entering the Naval service in October, 1949, Duffy was graduated from Newton High School.

"Substance" is the Lesson-Sermon subject for Sunday, September 10.

Golden Text: "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now here-with, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it" (Malachi 3:10).

Sermon: Passages from the Bible (King James Version) include:

"But as it is written, Eye hath not seen, nor ear heard, neither hath entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit: for the Spirit searcheth all things, yea, the deep things of God" (1 Cor. 2:9, 10). Corollary passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include:

"The objects recognized by the physical senses have not the reality of substance. They are only what mortal belief calls them. . . . That which material sense calls intangible, is found to be substance" (pp. 311, 312).

## \$1500 More Received for Polio Help

John D. Kelley, chairman of the Middlesex County Chapter of the National Foundation for Infantile Paralysis, announced last week that the chapter has received a check for \$1,500.00 to help pay for medical care of local polio patients. This amount is recently and is to pay for the local clinics this year in Arlington, Medford, and Lowell for physical therapists for Children's Hospital patients, who live in these sections. This payment is in addition to at least \$17,000 a year paid for polio patients from Middlesex County in the clinics at the Children's Hospital.

A heavy case-load from the 1949 epidemic, worst in the nation's history, in addition to the costs of this year's polio incidence, has exhausted the chapter's 1950 March of Dimes funds, Mr. Kelley declared.

Up to July 22, the National Foundation has advanced \$4,084,610.00 this year to all the chapters in the country, where funds have been depleted by both new and carry-over cases. Kelley stated, \$135,000 has been advanced in Massachusetts alone as three counties, Middlesex County included, completely ran out of funds. This is in spite of the fact that Middlesex County raised 50 percent more in 1950 than in the previous campaign due to the good response from the county inhabitants after a year with almost 600 new cases locally.

Sean Monroe Moore was a happy boy Monday, August 28, on the occasion of his seventh birthday. He had seven of his friends to an outdoor party on his birthday and they made the day a most memorable one for him. Sean is the son of Mrs. Ernest Monroe Moore and the late Commander E. M. Moore and resides with his mother at 90 Waban Park, Newton.

Richard H. Moschner, seaman recruit, USN, son of Mr. and Mrs. Herman Moschner of 98 Jewett street, Newton, is undergoing recruit training at the world's largest Naval Training Center, Great Lakes, Ill.

Alicia Langford of 65 Rokely road, Waban, is among more than 150 dancing teachers from all parts of New England convening this week at the Parker House in Boston for the 27th annual convention of the Dance Teachers' Club of Boston.

Russell C. Taylor, seaman recruit, USN, son of Mr. and Mrs. Clarence W. Taylor of 109 Lowell avenue, Newtonville, is undergoing recruit training at the world's largest Naval Training Center, Great Lakes, Ill.

## Your Savings Account Never Takes A Holiday!

LABOR DAY, symbolizing the end of the summer season, also reflects two of America's most cherished traditions . . . the right to work and the right to save.

Millions of America's wage earners save regularly in a Mutual Savings Bank . . . where their money is safe, bolstering family security and peace of mind, and earning extra income in the form of dividends . . . every day of the year.

# REUPHOLSTERING by BRISTOL

BRISTOL BRINGS YOU ITS MOST EXCITING UNDERCOVER STORY!

2-PIECE SET REBUILT and RESTYLED

# \$44

AND UP priced according to fabric

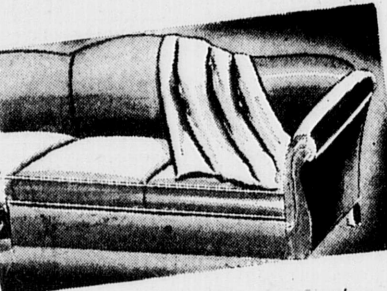

While many so-called reupholstering jobs consist of merely putting new fabrics over old, Bristol strips off and throws away everything except your valuable seasoned frames and seat springs.

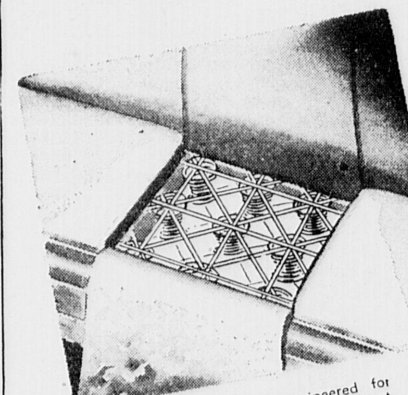

Bristol-built furniture is filled with expensive Permalized Spanish Moss. It never crumbles! It has no unpleasant odor! It will not come through the fabric! It means longer life... more comfort.

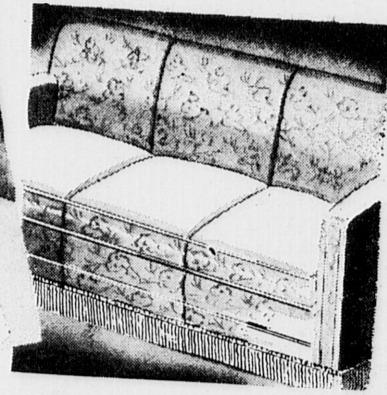

Bristol's cradled-in-steel spring construction is scientifically designed for extra durability and comfort. Will not sag, stretch, or break down. It's guaranteed.

Bristol-built furniture has 3 double layers of fine cotton felt for added comfort. This makes an amazing difference in beauty, long life and luxurious comfort.

Bristol's spring units are engineered for long wear. The springs are tied (not looped) with 8 tie cords, more than many frequently found in ordinary furniture.

Your new Bristol-built cushions will stay new for years. The springs will not bite through the Latex, because they are felt covered hair innerspring units. Remember, they're Latex protected top and bottom.

## Why is Bristol reupholstering different from run-of-the-mill upholstery?

- (1) We don't tie springs just 4 or 6 ways—we tie them fully 8 ways and with special twine.
- (2) We don't just glue loose frames—we take out old dovetails, replace them with larger new ones. We add brand new corner blocks.
- (3) We don't tack seams at just the obvious spots—we hand sew seams throughout the piece.
- (4) The velting isn't simulated—it's separate, individually made — that means it's stronger.
- (5) The seams on the sides and backs aren't blind-tacked—all the seams are hand-sewn.
- (6) We don't use ordinary fibre or excelsior—we use the new, expensive moss filing.
- (7) We don't just repair your cushions—we make brand new Latex covered cushions, springs and all.
- (8) We don't put the fabric on carelessly — we make sure the pattern matches perfectly.
- (9) We don't just cut from a pattern—we fit your cover as carefully as a tailor made suit.
- (10) We don't settle for second-best materials—we use only the highest quality throughout.

We are reliable. We belong to the Dedham Chamber of Commerce.

There's custom reupholstery and there's custom reupholstery. At Bristol's it's a fine science. The men who get inside your sofa or chair are qualified experts with years of specialized training. They studied reupholstering just as a doctor studies medicine, a mechanic studies machinery. They know the high standards of workmanship set by Bristol's—and they know how to meet them. Bristol's custom reupholstery department is efficient—and reliable, too. You seldom have to wait longer than 2 weeks. What's more, we have a huge assortment of fabrics—over 200 different patterns, each in a range of colors. You're bound to find just the fabric for your modern or traditional home. Write, phone. Clip the coupon. A decorator-trained salesman will call at your home with samples. He's trained to help you work out your color scheme. Use Bristol's easy payment plan, take months to pay.

## INTEREST CENTERS IN G.O.P. CONTESTS

### All Candidates For Governor To Address G.O.P. Rally Tomorrow

#### Anticipate Large Gathering

All Republican candidates for Governor have accepted invitations to speak at the mammoth rally of the Newton Republican Club which will be held tomorrow evening (Friday) at the Weeks Junior High School, 7 Hereward street, Newton Centre, at 8 o'clock.

The list of candidates for Governor who will speak includes Clarence Barnes, Arthur W. Coolidge, Louis E. Denfield, Frankland L. W. Miles, Daniel Needham, and Edward M. Rowe.

President L. Johnson Callas announces that the master of ceremonies will be George E. Thompson, District Attorney for Middlesex County. Practically all other State and County candidates will also be present and speak, in addition to Newton Republican leaders and candidates for office who will be presented to the meeting.

Music at the rally will be furnished by the Troubadors and following the speaking, refreshments will be served by a Newton restaurant.

Many leading Republicans from outside of the Newton and Boston area will be present with a number planning to attend from the Western part of the State. So far as is known, this is the only rally at which all six candidates for Governor will speak.

#### Fall Meeting Of PTA Council To Be Held Tonight

The first Fall meeting of the Newton PTA Council Executive Committee will be held tonight (Thursday) at 7:45 o'clock in the School Department office, Elm road, Newtonville.

George J. Koller, president, is planning this organization meeting to discuss the proposed committees for the coming year, and explain their purposes and functions.

A schedule of committee reports to the Council membership will also be outlined.

IN CHARGE of huge Republican Rally tomorrow night will be, left to right James G. Chandler, Rally Chairman; L. Johnson Callas, President; and District Attorney George E. Thompson, who will act as Moderator.

### Rt. Rev. Eric F. MacKenzie Consecrated Auxiliary Bishop of Boston Today

Rt. Rev. Eric F. MacKenzie, pastor of the Sacred Heart Church, Newton Centre, officially assumed the title of auxiliary bishop of Boston at consecration ceremonies this morning (Thursday) at 10 o'clock at the Cathedral of the Holy Cross, Boston.

The announcement of the appointment of Msgr. MacKenzie by Pope Pius XII was made on July 18 at the National Catholic Welfare Conference in Washington, D. C., when it became necessary to fill the post vacated by former Boston Auxiliary Bishop John J. Wright, now bishop of the Worcester Diocese.

This is the second papal appointment for Msgr. MacKenzie since 1945, when he was named Domestic Prelate. He will retain his pastorate of the Sacred Heart Church, and will continue to carry out his duties as official of the archdiocese, presiding daily at the marriage court.

A native of Boston, the bishop is 55 years old. He is one of (Continued on Page 8)

### Urge Drivers To Protect Children

"Protect our child-life!" Chief Philip Purcell of the Newton Police Department urged Newton's drivers today in continuation of September program of traffic safety.

"In 1949," Chief Purcell said, "the National Safety Council reports that about 3,900 children under 15 years of age were killed in motor vehicle accidents. Even considering that youngsters have habitually violated safety rules in their walking, the bulk of the blame for such accidents rests with the drivers."

While most drivers are horrified at the idea of hurting a child, the Chief nevertheless ranked carelessness on the driver's part as the chief cause of the annual high toll of young traffic accident victims.

The Chief made an urgent appeal to Newton's drivers to heed the following rules:

1. Regard every child in or near the street with the same caution you would a flashing railroad-crossing sign.
2. Expect the unexpected at all times when driving near schools, in residential areas, or in the neighborhood of playgrounds or vacant lots.
3. Give bicycles a wide berth. While a rider may appear to have his bicycle under perfect control, a slick patch on the road may cause him to lose control.

### Named Assistant History Professor At Transylvania

Dr. John D. Wright Jr., of Newton, has been appointed assistant professor of history at Transylvania College for the coming school year. It has been announced by Dr. Raymond F. McLain, Transylvania president.

Dr. Wright, who was granted the Ph.D. degree in June by Columbia University, received his A.B. degree from Dartmouth College. He also holds the M.A. degree from Columbia. His Ph.D. work was in American history under the sponsorship of Professor Henry Steele Commager.

For three years during World War II, Dr. Wright served with the Navy, and was an officer on an admiral's staff in the Pacific campaign.

Dr. Wright, his wife and daughter will arrive in Lexington, Ky., this month for the opening of the fall quarter at Transylvania.

### Advance Gifts

#### "Army" Fund Drive Gets Off to Spirited Start

Kenneth E. Prior, Newton General Chairman, in announcing the receipt of special advance gifts in response to the Salvation Army's appeal for funds, states that he views them as an auspicious beginning for the drive and that they justify the optimism which is so prevalent throughout the organization.

"I don't mean to imply, however, that there isn't a lot of hard work ahead of us. We all know there is. But the reports that come to me from our volunteers on the firing line indicate that this year there is a more general realization of the invaluable work of the Salvation Army does throughout Greater Boston and, specifically, here in Newton. Our good Newton neighbors appreciate the fact that the 'Army' is a mighty 'good neighbor' to those in our community who are in desperate straits; that help is at hand for them, through our local, unpaid Service Fund Committee, the moment it's needed, without regard for race, creed or color, and without red tape; and that Newton's share of the money we contribute does a maximum amount of good because none of it is spent for office rent, salaries or overhead expenses of any kind. Sensing the understanding of all this, among our citizens, I'm confident the results of this year's drive will prove we Newtonites have much in common with the wise and humane charity of this fine organization. I say that, not because the old, staunch friends of the 'Army' who have given before, are necessarily going to give more this year, but because I earnestly believe that more people are going to give something. And that added 'something' can very well put Newton over the top."

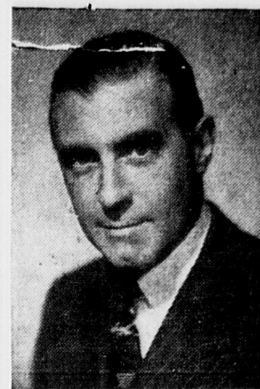

Mr. Prior also reports the following additions, over the past week, to the list of Residential Division team captains and workers in a number of villages: Auburndale Team Captains: Mrs. Theodore Burk, Mrs. Elmer Smith, Mrs. Carmen Santucci, Mrs. Willard Hatch, Mrs. Albert Studer, Mrs. John Wallstrom, Mrs. Eben Baker, Mrs. Hugo Bergman. Auburndale Workers: (Continued on Page 8)

Mr. Wilson is a graduate of Massachusetts Institute of Technology and received his Master's degree there. ### Little Hope Left From Deportation Proceedings

Unless unforeseen developments occur at the last moment, Werner Fahrenhuld, the 16 year old German boy who has been residing here for the last nine months will report to the immigration station in East Boston Friday to await deportation to Western Germany from where he came and entered this country illegally.

Despite efforts to have the deportation order stayed, developments up to Wednesday night indicate that the law must take its course and that the youth will be sent back to Western Germany. The boy (Continued on Page 8)

#### Junior College Opens Its Fifth Year October 2

Newton Junior College opens its fifth year October 2 with an enrollment of over 100 students," says C. Elwood Drake, Ed.D., Director of the Junior College. "This enrollment, representing a slight increase even at a time when most veterans studying under the G.I. Bill have completed their courses," he continues, "proves that Newton Junior College has an accepted place in the community for regular high school graduates."

Founded in 1946 with the initial aim of offering educational opportunity to veterans and non-veterans at a time when colleges were overcrowded, Newton Junior College has become an established division of the Newton Public Schools.

A new course in Merchandising was added this year to the regular offerings in Business Management, Secretarial, and Pre-Nursing. Liberal Arts, Pre-Engineering, and General courses are available as in the past.

### Ministers at Retreat

The annual retreat of the Massachusetts Baptist convention opened Monday night at the Newton Andover Theological School, Newton Centre. The 324 ministers, gathered from throughout Massachusetts, heard Dr. Albert Buckner Coe, president of the Massachusetts Congregational Conference, stress the importance of the church in these times.

Dr. Coe's speech highlighted the first day's meeting. The retreat came to a close Tuesday evening.

### Volunteer Work Saves For Church

During the spring and summer, a volunteer group of men parishioners of the West Newton Unitarian Church, under the direction of Harvey E. Dye, saved the House and Grounds Committee part of its budget by undertaking the task of redecorating the church offices. Working several nights each week through the summer months, the amateur painters included Henry Whitmore, Jr., E. Webster Whorf, Robert N. Cobb, Robert L. Townsend, William L. Tisdell and Alfred Haywood Jr.

In addition to washing walls and ceilings and redecorating the minister's study, church offices and classrooms, this group also extended their efforts to several area ways and entrance (Continued on Page 8)

### Primary Tuesday

#### Candidates Work to Get Vote Out

Although there are many local citizens contesting for nominations, including two who seek the Republican nomination for Governor, indications are that a not too heavy vote will be cast at the primary Tuesday. To offset this, however, all candidates will make every effort to bring out the vote Tuesday and this work may result in a much larger vote being cast than observers here now believe will be cast.

Prior to the last registration, there were 13,910 voters eligible to vote for the Republican candidates and 3,812 eligible to vote for the Democratic candidates. The balance of the registered voters totaling 40,727, or 27,005 are unenrolled.

Since the registrations held recently, 2,263 more voters have been added to this voting list, bringing the total registration to date up to 42,990. However, the 2,263 new voters have not as yet been classified so it is impossible to know how many of them are Republicans, Democrats or independent.

Locally the greatest interest in the primary Tuesday will center in the contests for the Republican nominations for Representative and since these nominations are tantamount to election, a hard fight will be waged (Continued on Page 8)

### Silverware Goes Out With Trash

Somewhere in the mass of ashes taken from the Newton city incinerator is believed to be the remains of a \$400 set of silverware that was put out by mistake for the trash men to collect Monday.

The silverware was the property of Paul B. Carmack of 60 Fairlee road, Waban. He had packed it in a barrel, and then set the barrel in the front of his garage to be taken care of later.

Someone spotted the barrel, covered with paper to protect the silverware, and believing it to contain rubbish, moved it out to the sidewalk where it was picked up by the city men.

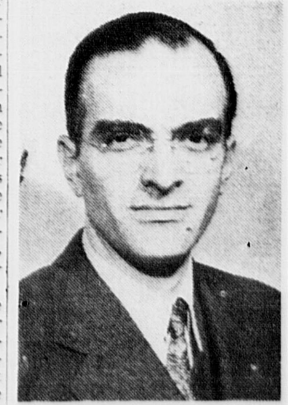

As trash collected here is immediately dumped from the trucks into a pit from which it is fed into the incinerator by an electric crane, police fear that the silverware has already been burned along with the rubbish. However, to make certain workers at the incinerators have been asked to look over the residue in the pit to see if they can spot the silverware.

### Plan Formal Installation September 24

A slight change in the order of service to give the congregation more opportunity for participation marked the opening Sunday morning services of the full season at the First Unitarian Society in Newton. Rev. John Ogden Fisher has chosen "The Individual's Place Within the Group" as his general theme for a series of four sermons. His topic last Sunday was "The Church and I." On September 17 he will speak on "The Community and I," and on October 1 on "Big I, Little I."

Plans are under way for the formal installation of Mr. Fisher as minister Sunday evening, September 24. Trustees have extended the duties of the pulpit committee to take charge of the service of installation. The activities committee will be in charge of the reception and refreshments following, in the parish house of the West Newton Unitarian Church.

Ushers for September include Clarence W. Haskell, head usher; H. Carlton Moore, A. Bela Sziklas and Edward W. Whorf.

The September welcoming committee comprises Mrs. Leonard A. Monzert, chairman; Mrs. Kathryn M. Holgate, Mrs. William E. Mattson and Miss Sadie Winchester.

Flowers on the altar are given in memory of the Rev. Walter

F. Greenman and Mrs. M. Alice Warren, September 10; Mrs. Dorie E. Dye, September 17, and Mrs. Frank Woodbury Remick, September 24.

The religious education committee, of which Mrs. L. Fabian Bachrach Jr. is chairman, held its first meeting Monday evening in the Alliance Room.

# COOLIDGE for GOVERNOR

The Republican Party has combed the field, searching for someone who could win in November. But the search is over. The winner has been found.

Six able candidates for Governor entered the race—pointed to their experience in state government—presented their programs. The public sized them up.

Now the judges—the rank and file Republican voters—have picked the best known and best qualified candidate—former Lieutenant Governor Coolidge—because

### Known and Tested Worth

Coolidge has been campaigning strenuously since March—Going everywhere at all hours in all kinds of weather—Vigorously attacking Dever Squandermania—Shaking Republicans out of earlier discouragement—Inspiring them with the victory spirit.

He comes down the primary election home stretch in the pink of condition, ready to take on Dever in an aggressive fall election campaign and defeat Dever again as he did in 1946.

Since March Coolidge has grown steadily in stature and popularity. Republicans have won by his warmth, his fighting courage, his sincerity. They have been impressed by his record of victories. He has earned promotion.

Republicans have supreme confidence in his vast experience in state government, his ability, his integrity. They see in him not only the November winner but also one of the great Governors of this Commonwealth.

## Let's Play the Game

Candidates for important elective offices will be nominated on next Tuesday, September 19. In some instances the party endorsements in next week's primary will be equivalent to election.

Whether the best possible candidates are nominated will depend chiefly on the number of voters who come out and cast ballots. If there is a light vote, the candidates with the 'best machine' will have the edge. If a major percentage of those registered call for ballots, however, a higher selectivity will be exercised.

Our appeal then is directed in a large degree to the independent voters, those who do not vote in the primaries because they do not care to declare themselves as members of a particular party.

Independent voters in many cases do not know that they can vote in the primary and later call at the City Clerk's office and have their names changed back to the independent status.

This is so important a year that no citizen should neglect any civic duty. It is not rhetoric but plain fact to say that democracy is now facing a crucial international test.

Between now and next Tuesday every citizen should 'talk it up,' as the baseball players say. Let's play the game of democracy, as good sportsmen, and help the team win the pennant of victory—and security.

## Current Comment

### GOP to Furnish Real Contest Tuesday . . .

For the Republicans, next Tuesday will see one of the most important primaries in the history of Massachusetts, with lively battles for every place on the G.O.P. State ticket, a situation almost unprecedented in modern times.

The Democrats have fewer contests to settle, but there will be enough lively fights to arouse their interest and enthusiasm.

Major attention, of course, will be focused on the outcome of the six-man struggle for the Republican nomination for Governor and the right to carry the G.O.P. banner against Governor Dever in November.

As this is written, that contest looms as a hot race between former Attorney General Clarence A. Barnes, former Lieutenant Governor Arthur W. Coolidge, Judge Frankland W. L. Miles, General Daniel Needham and Admiral Louis E. Denfeld.

The only candidate who can be said to be clearly out of the running with no apparent chance whatever of winning next Tuesday is former State Senator Edward M. Rowe of Cambridge.

Most of the professional politicians believe that either Barnes or Coolidge will emerge the ultimate winner because they have stumped across the State so many times. But there have been definite signs of a possible swing to Needham, and either Miles or Denfeld could provide a surprise with a spurt in the closing stages of the campaign.

Judge Miles, big, forceful and colorful on the speaking platform, is a real darkhorse candidate. The hopes of Admiral Denfeld, himself a political novice, rest on the ability of the Lodge organization to swing support in his direction.

Douglas Lawson of the Back Bay, former president of the Republican Club of Massachusetts, is conceded a slight edge in the seven-man tussle for the G.O.P. nomination for Secretary of State.

Virtually the entire Republican organization across the State has been thrown behind Selectman Roy C. Papalia of Watertown in an attempt to give him the nomination for State Treasurer over Fred J. Burrell of Medford, but there is a feeling that Burrell will be a tough customer to defeat next Tuesday even though he is looked upon with disfavor by his party leaders.

William C. Andrews of Cambridge should win the Republican nomination for State Auditor over Warren A. Rodd of Roxbury who, it develops, only enrolled as a member of the G.O.P. a few months ago.

Governor Dever, State Treasurer John E. Hurley and State Auditor Thomas J. Buckley all are unopposed for Democratic nomination and are merely interested onlookers at the primary battling.

Former Democratic State Committee Chairman John F. Cahill may give Lieutenant Governor Charles F. Jeff Sullivan a real tussle for second place on the Democratic ticket. The fact that there are five candidates in the field will serve to split the opposition to Sullivan and improve his chances, but Cahill still may furnish a real surprise. In addition to Sullivan and Cahill, the contenders are ex-Mayor G. Edward Bradley of Somerville, Selectman William M. Bergan of Hull and J. Frank Murphy of Springfield.

Attorney General Francis E. Kelly is being challenged by School Committeeman Isadore H. Y. Muchnick in what may prove to be a knock-down battle. There are two other candidates in the field, but that is strictly a two-man race between Muchnick and Kelly.

This is Muchnick's first State-wide run, and his political strength outside of Boston is untested. Kelly, on the other hand, has

been stumping the byways of the State for 16 years and is now one of the best known political figures in the Commonwealth.

Muchnick's backers are hoping that he will stage one of the upsets of next Tuesday's voting. He is popular in Boston, and he has worked hard outside his home city. He has potent support.

On the basis of past performances and because Muchnick is conducting his first campaign on a State level, Kelly would have to be installed a better favorite. It is a battle, however, and the other two candidates are just also-rans.

Secretary of State Edward J. Cronin has seven candidates in the field against him, none of them of any particular political consequence. Cronin himself was a political unknown when he scored his surprise victory of two years ago, but now he has the advantage of first place on the ballot in a comparatively large field.

### GOP Governor's Race an Enigma

What most of the Republican voters—and the political experts as well—would like to know is what candidate is going to capture the G.O.P. nomination for the Governorship.

You could scarcely be blamed if at times you wondered whether all six might be defeated because the political analysts can give you a number of reasons why each of the six can't win, but they have few sound reasons why any one of them will win.

It's a confused and mixed up picture. There is really no means of evaluating the strength of any of the six except for Rowe who appears to be completely out of it.

Even Admiral Denfeld can't be dismissed entirely because of the support he is drawing from the organization of Senator Henry Cabot Lodge, Jr.

The professional gamblers probably will name Barnes and Coolidge as the pair most likely to succeed because of their proven primary strength.

Except for the opportunity to size up the candidates themselves, the meetings and rallies at which they have appeared have offered little in the way of any real evidence as to how the voters feel about them.

The voters who applaud Barnes extend the same courtesy to Coolidge and Needham, and they gather the impression that many of the listeners aren't certain how they will mark their ballots next Tuesday.

It's possible that the trend between now and Tuesday will settle the outcome of the race, and the returns may prove to be extremely close.

In the opinion of this writer, there is a real chance that Needham may pull ahead of both Coolidge and Barnes in the closing days of the campaign.

Needham has come fairly fast in recent weeks. He may have waited too long to launch his drive, or events may prove that it was marked by shrewd timing. There seems to be a feeling on the part of many Republican voters that they would like to nominate a candidate for Governor who was not a member of the G.O.P. ticket that went down to crushing defeat two years ago, who offers a new face and a new viewpoint.

That has reacted in Needham's favor and to some extent also to the advantage of Judge Miles. Miles, incidentally, makes a fine appearance on the platform. He is big, colorful, enthusiastic, ebullient, a skilled speaker and a polished campaigner. The question in his case is whether he will personally have appeared before enough voters to make a sufficiently big impact.

This contest probably is to be decided by the thoughtful, stay-at-home Republican voters who have gone to few, if any meetings, but who have scrutinized the available information about the candidates and then have gradually made up their minds as to which of them they would like to see become their party's candidate for Governor.

But they are keeping their thoughts to themselves, and you won't know with any certainty what they are thinking until the work of tabulating the vote totals is underway next Tuesday night.

The members of a committee in Pulaski, N. Y., who had raised funds to pay for dredging a channel between Big Sandy Pond and Lake Ontario hastily accepted a contractor's bid of \$3500 after learning from army engineers that the job would cost about \$250,000.

The State Labor Department in Atlanta ruled that girls who quit their jobs in a Tifton, Ga. 5- & 10 Cent store were entitled to unemployment compensation. "While an employer may prescribe reasonable rules and regulations, a threat to sew up his female employees' pockets is good cause for them to quit," the department declared.

After being ordered to report for active duty by 8 a.m. on August 5, Maritime Reservist Thomas B. Meyers of Longview, Wash., wired for an extension of time so he could train a replacement for his job. He was allowed until 9 a.m. on August 5. They must have considered he was a fast worker.

Mrs. Maureen A. McGuire was granted a divorce in Seattle after she complained that her husband had "made life unbearable" for her by constantly psychoanalyzing her.

Clapped into a Paris jail for hitting her husband on the head with a club, fortune-teller Juliette Piatat explained: "I had read in the cards that my husband would suffer a heavy blow."

Arrested in Atlanta for impersonating an officer, Paul Lee Miller told police that he felt entitled to wear a badge because he once was "almost elected sheriff" in Oak Ridge, Tenn.

### Praises Rawson

Editor, Newton Graphic:

The present contest for Representative from the 4th Middlesex District, which includes Wards 1, 2, 3 and 7 of Newton, is being as hotly waged as any contest ever held for the Legislature in this district. The Republican nominations for the two Representatives are equivalent to election. Thus, insofar as these offices are concerned, primary election day, next Tuesday, September 19, is more important than election day.

There are four candidates for the two Republican nominations. They include George E. Rawson of Marlboro street, who is seeking re-election; Winfield C. Anderson of Elmhurst road, Christian A. Herter, Jr. of Sylvan avenue, and Paul S. Rich of 278 Franklin street.

Mr. Rawson served nine years very efficiently as a member of the Newton Board of Aldermen. He is now serving his fourth term as a member of the House of Representatives. Compared with the large majority of members of the present Legislature, he has been outstanding. During the past session he missed but one roll-call, and he was consistent in his opposition to salary increases and pensions which the Legislators voted to themselves. He also opposed the orgy of large increases which the Legislature gave to State office holders who were already receiving excellent salaries; and to the unnecessary appropriations which brought the total for the past session of the Legislature to the staggering amount of \$394,000. During his nearly 8 years as a Legislator, Mr. Rawson has had the interests of the taxpayers in mind, not those of spendthrift politicians who are driving industries from Massachusetts and thus increasing unemployment.

Legislators who have proved their value to their districts and the State should be continued in

office if they are willing to serve. Their experience and prestige were never more needed by Massachusetts than now, considering the poor type of government we have had in this Commonwealth the past two years.

Mr. Rawson's opponents for the Republican nominations are in alphabetical order — Mr. Anderson, who has been a member of the Board of Aldermen the past three years, who has taken his duties seriously, and has shown a laudable independence; Mr. Herter who seeks to enter the political field in which his father has gained such distinction, but who states he wants to be considered on his own merits; and Mr. Rich who is serving his first term as Alderman, but who obviously does not believe in losing any time in making political progress.

In the past the voters of Newton have displayed a deplorable lack of interest in primary elections. They should realize that on next Tuesday their four Representatives to the State Legis-

lature will be selected. They should go to the voting places on that day.

Yours truly,  
Edward H. Powers

### Endorses Rich

Editor, Newton Graphic:

We urge the voters of Newton in Wards 1, 2, 3, and 7 to vote on September 19 for Alderman Paul S. Rich, Republican candidate for State Representative. He is the aggressive and constructive young leader we need to represent us in the Legislature. As the present Alderman from Ward 7, he has demonstrated his ability to handle difficult problems in a constructive way. The voters of Ward 7 are enthusiastic in support of Paul S. Rich, who at 33 years of age, shows much promise for future responsibilities in government. A practicing attorney, a veteran, and a family man, this honest and sincere young public servant merits our continued support.

## My father was a lonesome man

Day and night the telephone is there to keep you in touch with your doctor, your friends, the plumber, the store down the street, and people all over the world. And today, with telephones in three quarters of all the homes in New England, the telephone is a bigger value than ever before.

I can remember the excitement in our house when we first got a telephone. Up to then, my father and mother had lived a lonesome life. They had to work long hours and sometimes they'd go for days without ever talking to a neighbor.

At first there weren't many calls we could make, but more and more people kept putting in telephones. Now it's hard to think of anybody who hasn't one. And because there are so many new telephones we can call each year, ours becomes more and more valuable to us.

Just the other day when my father broke a plow point, he saved himself hours of driving around in the truck because three telephone calls located a new one for him.

It makes me stop and think when I notice that although the cost of our food and lumber and help and a lot of other things has gone sky high these past few years, we still get the safety and time-saving and pleasure of 24 hour a day telephone service for less than a penny an hour.

### Nomination of Denfeld Predicted By Mason Sears

The nomination of Louis E. Denfeld as Republican candidate for Governor was predicted by Mason Sears, former chairman of the Republican state committee, "as the only hope the Republican party has for wresting control of the state administration from the Democrats for the next ten years."

"In Louis E. Denfeld," Sears said, "the Republican party has a new figure with an outlook which is particularly refreshing to war veterans and younger voters alike."

"Although not a politician," Sears continued, "he is a man of principle who sacrificed his job as chief of naval operations by daring to warn Congress that the security of our nation was threatened. Now we have Korea."

"Admiral Denfeld is the only Republican candidate whose executive and administrative ability has the endorsement of the Democratic opposition," Sears said. "Recognition of this ability was made public last spring when the Admiral refused the appointment because he was not guaranteed that the business of the port would be removed from the field of politics."

In the course of the campaign, Denfeld joined forces with Daniel E. McLean, a candidate for Lieutenant Governor. McLean was a six term mayor of Beverly and recently served as deputy chairman of the Republican state committee.

The Denfeld-McLean combination today was hailed by Albert Cole, former mayor of Lynn and campaign manager in 1946 for U. S. Senator Lodge, as "the first concrete attempt in either the Republican or Democratic parties to give reality to the principle of representation which recognizes that party leadership should be representative of the community, regardless of religion or racial ancestry."

"This combination," Cole continued, "has developed a new element of interest in the Republican primaries which the party has never before enjoyed. Victory for the Denfeld-McLean team will produce the only ticket which is certain to defeat the Democrats in November."

Robert M. Gogan, NROC, of 47 Terrace avenue, Newton Highlands, has successfully completed the summer's course in the Naval Reserve Officers' Candidate program at the Naval Training Station, Newport, R. I.

### Russell Wood Has Wide Experience

Russell A. Wood of Cambridge is the best known of the seven candidates for the Republican nomination for secretary of state. His experience in public affairs is a wide one.

Mr. Wood was born in Cambridge and was graduated from Harvard with the degrees of A.B. and A.M. In his graduate work at Harvard he specialized in government and economics.

He has served in the Cambridge city council, has been a state representative and for 18 years was a member of the Cambridge school committee.

Mr. Wood has served as state auditor in which capacity it was his duty to examine and audit the office of secretary for which he is now a candidate. Later he was appointed by then Governor Leverett Saltonstall as chairman of the important all River Finance commission. He is married and is father of three children. He conducts a news service.

### All Newton Music School Starts Fortieth Anniversary Year

The All Newton Music School at 398 Walnut street, Newtonville, will open for its 40th year Monday. The branch school at the Peirce School, Chestnut street, West Newton, in charge of Miss Marion Chidsey, will start Tuesday, September 19, and will hold sessions thereafter on every Tuesday and Thursday afternoon. This branch is operated especially for the convenience of younger children who would find difficulty in reaching the main building in Newtonville.

The Music School offers individual instruction in piano, violin, viola, cello, clarinet, flute, and voice, as well as group instruction in musicianship, theory of music, ensemble and orchestra playing. The courses in all departments are carefully graded and supervised, each student progressing as rapidly as his own ability and effort allow.

The school is noted for its friendly and sympathetic atmosphere with the executive director, Mrs. Worth, the directors of music, Miss West and Miss Forte always available for consultation with parents and students in order to help each and everyone make the best possible use of the time given to music study.

As the All Newton Music School will celebrate its 40th birthday next spring, the board of trustees and staff of the school are planning many special activities during the season to mark this important anniversary appropriately. Miss Elizabeth Fyffe who founded the school in April, 1911, is actively interested in all of its activities and will have an important part in the birthday celebration.

As a community music school, the school takes pride in its long term of specialized service to the youth of Newton, and is pleased to be a member of the Newton Community Chest, the Newton Community Council and the National Guild of Community Music School.

### Fingold Makes New Charge At Atty-Gen.

Attorney General Francis E. Kelly has not only been guilty of unethical conduct in representing private clients in claims for nearly a million and a half dollars against the state-owned Metropolitan Transit Authority, but the records show that the secretary who manages his private law office is being paid \$4500 a year by the Commonwealth of Massachusetts and she is listed as a law clerk on the payroll, according to charges made at Springfield by George Fingold of Concord, former racket buster and candidate for the Republican nomination for

### Plumb-Eusden, Jr., Engagement Is Announced

Last Saturday at their home, Marilla Park, in Strettor, Illinois, Mr. and Mrs. Ermin Fawcett Plumb announced the engagement of their daughter, Priscilla Ogden, to Mr. Ray Anderson Eusden, Jr., of Newton.

Miss Plumb is a graduate of Monticello College Preparatory School of Godfrey, Illinois, and of Wellesley College, Class of 1945. Since her graduation from Wellesley she has been an assistant chemist in Cambridge.

Mr. Eusden, is a son of Dr. and Mrs. Ray Anderson Eusden. Dr. Eusden is the minister of The Eliot Church of Newton.

Mr. Eusden graduated from Yale in 1947 as of the class of 1945W. During World War II he was a lieutenant (j.g.) in the U. S. Navy with service in both the Atlantic and Pacific theatres. Since graduation from Yale, Mr. Eusden has been teaching history at the Brooks School, North Andover, Mass. This fall he enters the Graduate School of Harvard University for advanced study in the field of history.

A late December wedding is planned.

Attorney General before a group of leading business and professional men working in his behalf.

"In addition to the secretary," Fingold said, "there are several lawyers being paid by the state who are trying Kelly private cases throughout the state."

"Kelly's regime," Fingold continued, "is a disgrace to Massachusetts. Remember he is the one who styled himself the 'people's attorney.' He was the people's attorney all right so long as it didn't interfere with his own private business and private business was continually interfering."

"Kelly has interfered with the orderly machinery of law enforcement agencies in many, many instances. Take for example the murder of the small time hoodlum, Bobby Holmes in Boston. The ace Boston detectives went to work on the case, but Kelly in a grandstand play stepped in over their heads and assigned his own investigators."

"Later in a speech before the Massachusetts Police Chiefs Association Kelly made the proud announcement that his office had two eye witnesses who would identify the killers."

"The public now knows what happened at the trial. Two men who were apprehended for the crime were exonerated."

"Mr. Kelly, why don't you tell the people why the eye witnesses were never called to the witness stand?"

"Again, in the Brink's two million dollar holdup, Kelly interfered. This time the interference was with the top crime experts of the country. Then Mr. Kelly degraded the cause of good government with his offer of immunity and a prize to the bandits if they would only come forward and confess."

"Of course Kelly does not want Fingold as his opponent in November because he knows Fingold has the goods on him and will expose him in his true light as a demagogue and political fakir who is using the high office of Attorney General for his own enrichment."

"Several days ago, according to a newspaperman friend of mine, Kelly was asked who he would like as an opponent and Kelly had this to say:

"Every night I say a prayer for Frederick Ayer. Ayer would be a push over because he has been a lawyer for only 300 days and never, never, tried even one case. I would like to get on the stump and ask Ayer about his three R's speech several months ago at the Hotel Manger. And I don't mean the speech about readin', ritin', and 'rithmetic. With Ayer on the ticket all the Democrats would be swept right back into office."

Fingold told his audience that he is the logical choice for Attorney General because he has been a practicing trial attorney for 17 years and has tried nearly 6000 cases. In addition, he has been acting District Attorney of Bristol County, Assistant Attorney General for six years and an assistant District Attorney.

### Supporters Feel Welch Is Far Out Front in Contest

Coming down the stretch of his year-long campaign to win the Republican nomination for Lieutenant Governor, Cambridge candy manufacturer Robert H. W. Welch Jr. is far out in front in the field of five candidates, according to his close advisors and supporters.

They base their appraisal of the Republican Lieutenant Governor race on a variety of facts, but give Welch a wide edge on the strength of his organization. With more than 8000 men and women working actively on more than 200 committees from one end of the state to the other, they claim that Welch has the strongest organization of any of the Republican Lieutenant Governor aspirants.

Noting that primary day, next Tuesday, Sept. 19, is only a few days off, Welch himself feels that his organization is rolling in high gear. The strength of this organization is particularly noticeable in the consolidation of many otherwise diversified factions. His advisors point out many instances where local and county groups are divided in their support of others, such as the gubernatorial candidates, but are united solidly behind Welch for Lieutenant Governor.

Another factor weighing heavily in Welch's favor is the unprecedented extent to which physicians and dentists have abandoned their standstillness to support him in this campaign. Many of them are leading "Welch for Lieutenant Governor" committees because of the strong stand he has consistently taken in speeches against "socialized medicine" measures of any kind. There are five physicians and two dentists on his campaign finance committee.

A successful businessman who is getting into politics for the first time in his life, because he "can't take what's happening in government any longer," Welch is widely supported by industry. Businessmen throughout the state, both small and large, are keenly interested in his announced attempt to "bring more business judgment, honesty and common sense into the councils of our state government."

A nationally recognized leader in his own industry, candy manufacturing, Welch is plainly pleased at the manner in which his business competitors are going all out for his nomination. An executive of one of his largest competitors in New England has sent out 750 personal letters in his behalf; another 250. And every one of the 22 executives of his other biggest competitor,

entirely on their own initiative, signed a round-robin memorandum pledging their unqualified support.

Although not a politician himself, but a "new face" in politics, Welch has also won energetic support from a wide circle of seasoned legislators and influential Republicans. Lloyd B. Waring of Melrose, former chairman of the Republican State Committee, is his campaign chairman. Others include such prominent Republicans as Charles Francis Sprague of Swampscott and Loring Brooks of Wilbraham.

You'll never miss that loose change—and Jimmy will appreciate it.

### 3 from Newton On Dean's List At Bates College

Three Newton students made the Dean's List at Bates College, Lewiston, Me., for the second semester of last year, it is being announced by Harry W. Rowe, dean of the faculty. The Bates undergraduates are:

Sylvia Bernard, daughter of Prof. and Mrs. Kenneth A. Bernard of 123 Otis street, Newtonville. Miss Bernard, a member of the sophomore class at Bates this year, is an active member of the Choral Society and Christian Association.

Jane Osborne Thurber, daughter of Dr. and Mrs. Shelley Osborne of 103 Elgin street, Newton Center. Mrs. Thurber, a member of the senior class at Bates this year, is majoring in religion. A consistent Dean's List student, she is active in the Christian Association and Christian Service Club.

Nancy A. Wellman, daughter of Mr. and Mrs. H. O. Wellman of 134 Moffat road, Waban. Miss Wellman will enter the junior class at Bates this month. A biology major, she is active in the Choral Society and Orchestra.

### Eileen O'Meara Engaged to Capt. R. Leonard White

Mrs. Francis O'Meara of West Roxbury announces the engagement of her daughter Eileen to Captain R. Leonard White, Medical Corps, U.S.A. Miss O'Meara, who is the daughter of the late Mr. Francis O'Meara, former headmaster of Girls' High School, graduated from Trinity College, Washington, D. C., in 1947 and received her master's degree from the Teachers College of the City of Boston in 1948.

Dr. White, son of Mr. and Mrs. Clifford S. J. White of Newtonville, is a member of the Class of 1945 at Tufts College and graduated from Tufts College Medical School in 1947. Prior to his being called to active duty, Captain White was Chief Resident of Obstetrics and Gynecology at the Boston City Hospital.

### Miss Waters Will Attend Every Meeting

Alice M. Waters, candidate for Representative from Wards 4, 5 and 6, in a newsletter to the voters this week, stressed the fact that she will attend every meeting of the Legislature. She said, "We have no place in the General Court for part-time workers. A Representative of the people should be there to represent them all the time."

Miss Waters promises the people her full support of legislation concerning the modernization of laws regarding the "Woman Offender." She is familiar with the problems confronting department heads and experienced in the work with the offenders themselves. At several house parties this week she emphasized the importance of a change. "The laws should be brought up to date, and, if elected, I will make it my business to work toward that end."

Alice Waters has personally visited more than 700 houses and she and her committee will continue to visit as many people in the district as possible before the Primaries. She wants the people to know that she is their candidate and not the tool of a small group who could control her vote.

You never know. Jimmy didn't either.

## COOLIDGE for GOVERNOR

- Coolidge is much more than one of today's greatest experts in State administration and legislation. He's a real down-to-earth character whom plain folk can approach and trust.
- Coolidge, more than any other candidate, typifies the wholesome Republican rank and file, whose unselfish interest is in sound, humane, decent government in town hall, city hall and State House.
- Coolidge is our kind of Republican—without fuss and feathers, without superficial glamour, without the demagogue's tricks—but with rugged constitution, common sense, ingenuity, gumption, spunk and a New England conscience.
- Coolidge's sincere friendship for working men and women means worker goodwill in the election, and management-labor-government cooperation in industrial war mobilization during his administration.
- Coolidge sprang from the plain people, lives among them, likes them, understands their problems up to Lieutenant Governor. He will be lems and has spent his life serving them as town their Governor when their votes nominate and elect him.
- We recommend Coolidge highly and urge voters of this community to nominate him as the Republican candidate for Governor in the Primary Election, Tuesday, Sept. 19.

### Rising Hospital Operation Costs Cited

John M. Powell, President of Newton-Wellesley Hospital from 1947 through February of 1950, recently submitted his annual report for the year 1949 to the citizens of Newton and Wellesley. The full text of this report was published in "Trustee" Magazine, a publication of the American Hospital Association, for June 1950. A condensed version also appears in the hospital's annual report for the past year.

### Curtis to Speak At Republican Rally Tomorrow Night

Former State Treasurer Laurence Curtis of Boston, who is seeking the Republican nomination for lieutenant-governor, will address the Newton Republican Club at its rally for Republican candidates at the Weeks Junior High School tomorrow night (Friday), just four days before the September 19 primary.

A graduate of Harvard Law School, Curtis is a World War I veteran. After a crash in naval aviation resulting in the loss of a leg, Curtis served out the rest of the war as a ground officer at Pensacola, Fla. He received the Silver Star Citation.

His long career in elective office began in 1930 when he served four years as a member of the Boston City Council. Later he served in the State House of Representatives for four years and then in the Senate for six.

Curtis was State Treasurer in 1947 and 1948. The following year he was State campaign chairman for the 1949 annual fund-raising drive of the Massachusetts Division of the American Cancer Society.

Long active in veterans' affairs, Curtis is a former State Department commander, past national senior vice-commander, and currently is a member of the Disabled American Veterans.

### Hold Austerity Breakfast On October 18

Monday and Wednesday, October 9 and 18 respectively, are the two big days for the Newton Women's Division of the Greater Boston Combined Jewish Appeal, according to Mrs. Daniel Mordecai and Mrs. David Stearns, recently appointed co-chairmen.

The October 18 date is that set for the fifth annual Austerity Breakfast, to which all women who contribute \$100 or more will be invited.

Working with Mrs. Mordecai and Mrs. Stearns will be Mrs. Benjamin Ulin, austerity breakfast chairman for Newton.

Citing rising wage demands and the competition that hospitals everywhere are experiencing from private industry, Mr. Powell underlines the financial problems with which the modern community hospital is currently presented.

General hospital expenses amounted to \$656,000 in 1944. By the end of 1949 these same expenses had risen to approximately \$1,230,000 — or an increase of almost 100 per cent in five years' time.

Several factors have produced these increases. The number of volunteer hours of work contributed in 1944 was almost five times the 1949 figure. The average work week has been reduced, during the same period, from 48 to 40 hours. Competition from private industry has forced a change in the hospital wage scale which is proportionately far greater than in industry in general.

Approximately 25 per cent fewer student nurses are currently enrolled in the hospital's training program and moreover, the government no longer finances student nurse training. As student nurses assist in the care of patients, it has been necessary to employ additional graduate nurses to make up for this shortage. In 1944 the cost of nursing care amounted to approximately \$60,000, while five years later, in 1949, it was over \$216,000.

Other costs have kept pace with the increases in wages and salary levels. Foodstuffs cost more; medical supplies cost more; any number of the services vital to the efficient functioning of the hospital have risen in cost.

Unfortunately the end is not yet in sight. Dr. T. Stewart Hamilton, director of the hospital, expresses concern over further increases in wage and salary costs. Recent legislation affecting both minimum wage levels and Social Security contributions will increase the hospital's labor expenses by as much as \$20,000, Dr. Hamilton predicts.

In 1949, the hospital again exceeded \$1,000,000 as its operating budget. Total cost of operating the hospital amounted to \$1,236,011. Once again in 1949 the cost of operating the hospital exceeded all hospital income, this year by \$16,046.

While his report deals with the reasons for increases in hospital costs, Mr. Powell concludes, it is equally important for the citizens of our communities to understand the numerous factors which make hospital costs high under any circumstances.

"If all these factors are understood, I am confident that the citizens of Newton and Wellesley will cheerfully give our hospital adequate financial backing."

Copies of the hospital Annual Report, containing much interesting information about hospital operations as well as pictures of recent additions to the hospital's physical facilities can be had by writing to the Office of the Director, Newton-Wellesley Hospital, Newton Lower Falls 62, Massachusetts.

### Contests—

(Continued from Page 1)

by those seeking the four Republican nominations for Representative.

For the four places, two will be seeking re-nomination. They are Representatives George Rawson and Howard Whitmore, Jr. The other two places, apparently, are wide open and despite the fact that both Rawson and Whitmore are seeking re-nomination, the outcome there also is problematical.

In the Representative contests for the Republican nomination, in the 4th Middlesex district, consisting of wards 1, 2, 3 and 7, the contestants for the two places are Winfield C. Anderson, Christian A. Herte, Jr., George E. Rawson, and Paul S. Rich.

Seeking the Republican nomination for the two places in the Representative contest in the 5th Middlesex District, consisting of Wards 4, 5 and 6, will be William J. Baxter, Azalea Pray Murray, Helen L. Fing, Irene K. Thresher, Alice M. Waters, and Howard Whitmore, Jr.

It is in this latter contest that the results are very apt to be close. The general consensus of opinion seems to indicate that Whitmore is practically assured of re-nomination and that the other place will be a contest between Miss Waters and Baxter, with Mrs. Thresher an outside possibility. It is generally known throughout the district that Miss Waters and Baxter have both been campaigning very hard.

In the contest in the 4th district, the outcome appears to be a scramble with Rawson having an edge due to the fact that he is seeking re-nomination. Yet there are those who believe the two places will be in doubt until the final votes are counted with the final line-up very probably being Rawson, Herte, Anderson and Rich in about that order.

Yet all of the above is assumption and the final outcome will likely depend on the size of the vote which is cast for the Republican candidates.

Senator Richard J. Lee, who is seeking re-nomination on the Republican slate should and will win re-nomination easily, judging from all indications.

Newton is essentially a Republican stronghold and candidates for the major offices on the Republican slate will make every effort to bring out the vote here Tuesday so that the number of ballots cast may very well exceed the primary vote of other years when it generally averages between 20 and 25 percent of the enrollment.

Every enrolled Republican and Democrat are urged to vote in the primary Tuesday.

### Dr. Stearns Feels Sheriff's Office An Opportunity

Dr. A. Warren Stearns of Billerica, former Commissioner of Correction in Massachusetts, is a strong candidate for the Republican nomination for Sheriff of Middlesex County in next Tuesday's primaries. Dr. Stearns has had a full and varied background of experience in the medical and social fields. He was graduated from Tufts College Medical School and served there both as Professor and Dean before assuming the Chairmanship of the Sociology department.

Dr. Stearns says his decision to run was determined by the fact that the Sheriff's Office, with its jurisdiction over all the prisons in the county, offers a great opportunity for him to bring all the resources of modern medicine and social science to these institutions.

He was psychiatrist to the Massachusetts State Prison from 1914 to 1929, Massachusetts Commissioner of Correction from 1929 to 1933, and is at present Medical Director of the State Farm at Bridgewater.

He has served in the Navy during both World Wars, his last rank being Captain, Medical Corps, USNR. Dr. Stearns has also held many elective offices in Billerica, Mass., where he was born and lived all his life. At various times he has been Chairman of the Board of Selectmen and Chairman of the School Committee. He now holds the position of town moderator.

"So watch out for children all the time," the Chief concluded. "Drive slow — and give the boys and girls a chance to grow!"

### Whitmore Blasts Democrats on Tax Payment Issue

Rep. Howard Whitmore, Jr. of Newton, addressing a large group of workers for his reelection at a meeting arranged by the committee to re-elect Rep. Howard Whitmore, Jr., blasted the Democratic action in forcing through legislation during the final days of the recent session requiring all Massachusetts taxpayers to pay their taxes in full on next March 1, 1951.

He characterized this action as a deceptive move to avoid the necessity of raising more money by taxes. In effect, however, this will require additional taxes in the amount of \$7 million to \$8 million to be raised for the fiscal year 1952 during which fiscal year this amount of money would have been collected on October 1, 1951.

The thousands of taxpayers in Massachusetts were warned by Rep. Whitmore that if they were accused of not paying only one half their taxes on March 1, they will next year be required to pay the total tax on March 1.

This action was coolly calculated by the Democrats who realize that the tremendous protest against such action would arise after the coming elections. The Democrats hope that by next March 1, they will be again at the controls of the State government and the protests of the taxpayers will not then disturb them.

Rep. Whitmore emphatically brought before his workers the tremendous grab for power and money which the Democrats have displayed during the past two years. He advised the people of the Commonwealth, and particularly of his district, the 5th Middlesex, to wake up and to vote not only at the primaries on September 19, but at the election on November 7.

Rep. Whitmore is the only candidate for re-nomination and reelection in the 5th Middlesex District, which includes Auburndale, Chestnut Hill, Newton Centre, Newton Highlands, Newton Lower Falls, Newton Upper Falls, Oak Hill, Thompsonville and Waban.

Francis Gallant of 131 Harding street, West Newton, a graduate of St. Mary's High School, Waltham, has been accepted at Burdett College. He will major in accounting and business administration course.

### Fitzpatrick Sure Voters Want Good Administration

Sheriff Howard W. Fitzpatrick of Middlesex County, candidate for nomination to that office at the Primaries on Tuesday, September 19th, issued the following statement from his campaign headquarters.

"I know that the voters of Middlesex County have tragically looked to their Sheriff for honest, efficient and humane conduct of that office. My administration, since I became Sheriff, has been based on those principles. Every single employee of the Sheriff's Department was reappointed and improved, working conditions were improved. The largest single surplus in the history of the Sheriff's Office was returned to the County Treasury as unexpended. Many improvements were brought about even with reduction in expenditures. I believe I have fulfilled my trust to everyone's satisfaction and have rendered the high type of public service the citizens of Middlesex County have a right to expect of their Sheriff.

"I earnestly solicit your vote for Howard W. Fitzpatrick for Sheriff of Middlesex County and pledge to continue the same program of progress in the interests of all the people of Middlesex County."

the country's outstanding experts in the field of canon law, which he taught for 20 years at St. John's Seminary in Brighton.

Elected a member of the American Bar Association's interprofessional committee on marriage and divorce, the bishop has received wide notice for his work with the marriage tribunal. He has served the Sacred Heart parish since 1944 and was named a Monsignor in 1945. A year before succeeding Archbishop Richard J. Cushing as pastor of the Newton church, he served as pastor of St. Paul's Church, Wellesley, in 1943.

He attended Boston College High School and from there went on to Boston College. Following his graduation in 1914, Msgr. MacKenzie entered St. John's Seminary in Brighton, where he studied for four years prior to his ordination by Cardinal O'Connell in 1918.

At the Catholic University in Washington he was granted his doctorate in canon law after two years. Returning to St. John's he taught for 20 years as professor of moral theology as well as canon law.

His only brother, Rev. Howard MacKenzie, was a curate of St. Clement's Church in Somerville at the time of his death in 1928.

Rev. Patrick A. O'Boyle, archbishop of Washington, and Rev. Thomas K. Gorman, bishop of Reno, acted as co-consecrators.

# Endorsed Enthusiastically By Mayor, Boy Scouts and School Com'tee Members

The acceptance by Mayor Lockwood of the position of Honorary Chairman of the Newton Committee for the Crusade for Freedom has been announced by John S. Bottomly, Chairman of the Committee.

At the same time Mr. Bottomly announced that Charles E. Feeley of Newton had accepted the position of Vice-Chairman of the Committee for Ward 1. Albert M. Kreider of West Newton was appointed Vice-Chairman for Ward 3, while Frederick G. Fisher, Jr. and Mrs. Elizabeth B. Cheske were appointed Vice-Chairmen for Wards 5 and 6 respectively.

JOHN S. BOTTOMLY

At a meeting on Saturday, September 9, Harold B. Gores, Superintendent of Schools, and the School Committee evolved a plan whereby the pupils from grades 10 through 14 will be given comprehensive instruction in the aim and purposes of the Crusade for Freedom, culminating in the singing of a Freedom Scroll by individual students who so desire. Mr. Gores stated that this aspect of the Crusade in Newton would be turned over to the Student Legislature of the high school. That body will be charged with the responsibility of instructing the students in the dedication to the fundamental principles of freedom which is one of the basic goals of the Crusade. Literature will be furnished to the students.

nished the students so that they may discuss the significance of the Crusade and the signing of the Freedom Scroll with their parents.

On behalf of the Norumbega Council of the Boy Scouts of America, Colonel Leigh M. Nisbet, Scout Executive, has informed Mr. Bottomly that the Boy Scouts of Newton will be delighted to co-operate with the Crusade by circulating Freedom Scrolls so far as their personnel and facilities permit.

Mr. Bottomly stated that during his organizational activities he had noted that the spirit of the Crusade for Freedom was being enthusiastically received throughout the City of Newton, and that he was confident that Newton would again be among the leaders of all of the communities supporting this reaffirmation by individuals of their belief in the fundamental principles of freedom.

In case of inclement weather, the tea will be postponed to September 24.

Misses Margaret and Eleanor Kearns of Newton are at North Conway, N. H., for a short stay at Eastern Slopes Inn.

MAYOR THEODORE R. LOCKWOOD reading proclamation to group. From left to right: Police Chief Philip Purcell; John J. Cahill, Treasurer, Newton Jimmy Fund; Deuel Richardson, Radio Station WCRB; Louis H. Kenney, Chairman Newton Jimmy Fund; Harold T. Pillsbury, Director of Research, City of Newton, and Mayor Lockwood.

## In Proclamation:

### Mayor Urges Citizens To Support 'Jimmy' Campaign

Highly commending the management of the Boston Braves and the Variety Club of New England and the Motion Picture Industry for directing their activities towards the furthering of the Children's Cancer Research Foundation program in order that the children of today and tomorrow may be released from that agonizing and destructive enemy of childhood, Cancer, Mayor Theodore R. Lockwood of Newton has issued the following proclamation asking citizens to contribute generously to the current "Jimmy" fund campaign:

#### A Proclamation Jimmy Fund

WHEREAS an opportunity has presented itself for the people of this community to join in a great humanitarian movement, and

WHEREAS we have the privilege of becoming part of an undertaking that eventually will bring untold benefits to unfortunate children as well as adults, and

WHEREAS through our combined efforts we will be able to help pave the way toward the eventual elimination of that dreadful scourge of cancer among children, and

WHEREAS we will be helping all children, of which Jimmy is a symbol,

THEREFORE, I, Theodore R. Lockwood, Mayor of Newton, do proclaim today and every day until the Jimmy campaign is completed "JIMMY DAY" and call upon all our citizens to support this most worthwhile cause to the full extent of their ability, so that the children of the world may have every opportunity to escape this dreaded killer—cancer among children.

Theodore R. Lockwood,  
Mayor, City of Newton.

### Rep. Rawson Has Impressive Record

Representative George E. Rawson of the Fourth Middlesex District, Wards 1, 2, 3 and 7, of Newton, is running for re-nomination on his record in the September 19 Republican primary.

He served as alderman-at-large from Ward 7 for nine years and was chairman of the Claims and Rules Committee for seven years, during which time he improved the zoning of every section of the city. He also secured the enactment of the Building Code of 1939 which is still regarded as one of the best in the State.

Since 1943 he has represented the Fourth District of Newton in the House of Representatives. As a member of the Committee on Election Laws, of which he was clerk his first term and chairman 1945-48, he has had a major part in the first complete revision of the Election Laws since 1913. He has originated and secured the passage of many improvements in the laws.

As a member of the Committee on Military Affairs, of which he was clerk 1944-48, he had a large part in constructive veterans legislation, particularly the passage of the act which made Newton's Oak Hill Park veterans housing project possible. He also was one of the group which put through the modernization and construction of Logan Airport.

He was co-author of the Public Safety Act of 1943, after the Cocoanut Grove disaster. As a result of that act he and Senator Clapitt have carried through many further improvements of the building and safety and fire prevention laws.

He has always stood for and voted for sound, honest, economical and humane government and has opposed the huge spending program of the present administration.

Rep. Rawson led the successful fight last year to kill the proposed tax on saving bank deposits and cooperative bank deposits, which he termed at the time the most cruel, vicious and wicked tax bill he had ever seen.

This year, Rep. Margaret Speak and he secured passage by the House of the bill sponsored by the "Friends of Framingham" to extend the powers of Dr. Van Waters to help rehabilitate women prisoners. Unfortunately the Senate defeated the bill.

With Rep. Howard Whitmore, he sponsored and secured the enactment of an act restoring to local building inspectors authority over granting building permits. This legislation was a great help to Newton because of a situation which had arisen in the Oak Hill section.

As an Alderman in 1938 he started the fight to have Route 128 relocated to by-pass Newton. He has kept at it as representative until his House Bill 155 of 1949 was passed last year and the work on the new route is now being done. This will eliminate a serious traffic hazard, a source of great expense to the city and a detriment to residential property now affected by the present route.

In 1947 he filed the bill to improve the Newton Pension system. In 1947-48 he was a member of the Redistricting Commission, which set up new senatorial and councillor districts after the last State census.

He has been vice-chairman of the recess commission on election laws and also served on the first census commission set up to study departmental rules and regulations.

Rep. Rawson has worked for the passage of legislation to benefit voluntary hospitals, including the Newton-Wellesley Hospital, and for legislation to improve and protect Blue Cross and Blue Shield.

He has also tried to do his share in community activity. He has worked on the Community Chest ever since it started in 1932, and has been a district major for the last three campaigns. He was also major in the Newton-Wellesley Hospital Fund drive last year.

## An Open Letter

from  
**ROBERT H. W. WELCH, JR.**

Candidate For The Republican Nomination For Lieutenant Governor

To Republicans And Independents Of Norfolk County:

Will you please consider these facts when you vote in the primaries on Tuesday:

- You are paying the bills.**  
The total assessed valuation of Norfolk County is seven hundred and ten million dollars. During this fiscal year the state and local governments in Massachusetts will spend nearly eight hundred million dollars. (And the spending of the local governments is largely determined by legislation or coercion from the State House.) This means that we would have to sell all the factories, all the stores, and all the homes, in Brookline, Quincy, Weymouth, Wellesley, and the twenty-four other cities and towns in Norfolk, once every year, to meet this tax bill—largely to pay for the squandering and political machine-building of the Devercrans on Beacon Hill.
- The outlook is worse.**  
Almost nobody wants to put a new plant or expand a business in Massachusetts — despite our skilled labor and excellent labor relations. Last year the businesses which closed down or moved elsewhere, against new ones which opened, accounted for a net loss of 27,916 jobs — largely due to our unhealthy political climate. We have an Unemployment Insurance Fund, Old Age Assistance Fund, and Veterans' Fund, all heading for bankruptcy. Taxes will have to be raised still further because of these and other state services, largely because of the waste and political patronage involved in their administration. This would be bad enough under normal conditions. It makes no sense at all when, even if we can escape actually getting into a new World War, we are having to pay for one. And it makes less sense to leave in power, during a war-atmosphere period, a gang that actually wants to use the war-atmosphere as camouflage for its political conniving.
- Part of the answer is easy.**  
Our state government is a huge business. But no business would dream of wasting manpower on superfluous jobs; of buying rotten, overpriced, or useless materials; of squandering money wildly in administration; of adding on useless departments; of propagandizing its stockholders with their own money; or of hiring men utterly unqualified for their particular jobs. But specific illustrations of these and of other stupidities, and of the unwholesome deals now perpetrated on Beacon Hill, are almost endless. And there is really no sound reason why our state government could not be run like a business, with at least ordinary honesty and common sense.
- I believe I could help a little.**  
While I certainly do not claim to be any genius at business, I have at least had top-management experience in a highly successful company for a great many years. I do have some idea of what makes sense and what does not when you are handling large sums of somebody else's money. As a Republican candidate for Lt. Governor I believe that I could convince a majority of the people of this state, including many Democrats, that they do not really want—or have to have—what is happening at all. And after being elected I believe that I could bring some business judgment to bear and exert some worth-while influence on the conduct of the state's affairs.

It is for these reasons, and on these grounds, that I am asking for your vote.

Sincerely,

*Robert H. W. Welch, Jr.*

ination for Governor: who is the man best qualified to WIN in the November election? After the 1948 debacle, along with thousands of sincere and rank and file members of our party I looked for a new face, for new ideas, for new leadership. On February 28, 1950 the then chairman of the Republican State Committee said that 'what the Republican Party needs is new faces—new ideas—the demand comes from the grass roots up' and so I waited for the new faces. None appeared. At the urging of thousands of our Republican voters and workers in the ranks I entered this contest on May 2, 1950. A veteran of World War I and from the ranks—the son of a painter who carried a union card and who was the National Commander of the Veterans of the Indian wars and who fought as an aide to General Bill Custer—and the father of two boys in this recent World War II, both of whom carry union cards, I firmly believe that I am the one candidate, who with the aid of our people, can lead the Republican party back up the road of success. The people are tired and fed up with high taxes—with the cost of living so high that the man in the street has to eat hand to mouth and worry from day to day whether or not he will be in the red or black by the end of the month. He's fed up with waste that increased his cost of living, he's fed up with government handouts. The man in the street doesn't want a handout—he wants respectable employment; he wants to earn his own living.

"As your Republican candidate for Governor, I believe and will fight for the principle that public office is a public trust to be administered with courage, strength, and determination to carry out the mandate of the people.

"This is a contest of the people. This is a fight of the average voter to save this Commonwealth, and this is the fight of the Republican party to regain power, strength, and force and lead Massachusetts upwardly on the economic road to benefit all our citizens—big business, small business, the man who works and derives his livelihood from business and industry. This is the fight of the people and I have gone to the people throughout the Commonwealth. I am talking to the people for the little wards, the little districts, the little people—for they are big with power. For

in the people is there power. The people are for Frankland W. L. Miles because they know that Frankland W. L. Miles is a man of courage who bows to no kingpins, who fights for the rights of the people! I extend an invitation to all regardless of race, creed, or color or the part of the State from which you come to join with all of us in the Miles campaign as we move forward to victory. It is the enthusiasm of the rank and file of our Republicans and independents of the Commonwealth that has brought us into the lead in this primary contest. It is that enthusiasm that will bring us in as the Republican nominee for Governor on the 19th."

### Attacks Waste and Extravagance

With only five days remaining before the Sept. 19 primary, former State Treasurer Laurence Curtis of Boston, who is seeking the Republican nomination for lieutenant-governor, in preliminary talks in many parts of the state, attacked the Democratic party for its "waste and extravagance" and urged the voters of Massachusetts to register their protest by electing him to office.

"The voters must replace in the coming election officials who have been guilty of waste and extravagance," Curtis warned in a speech before the New Bedford Women's Republican Club. "General Eisenhower warns that unnecessary governmental expenditures must be curtailed. We oppose governmental waste and payroll padding because they lead inevitably to oppressive taxation and a more and more dishonest dollar; because they hurt everyone."

In Taunton, speaking to Republican leaders, Curtis said that the Democratic party was "striving to create the false impression that it is the only friend of the working man."

"This is entirely untrue," Curtis said. "Massachusetts under Republican legislatures has been a recognized leader in progressive legislation. The 1950 labor law was principally sponsored by a Republican senator. Every decent American realizes that one of the greatest achievements of our country is the conquest of poverty and the making possible of a better life for the average man."

"The greatest issue confronting the voters is to get rid of the bunglers both in Washington and on Beacon Hill," Curtis declared. "People are concerned as to the soundness of the policies which led to this war and the lack of preparation for it. Although this relates to Washington, Massachusetts voters can register an effective protest in the coming state election both in electing their congressmen, and by voting to replace the state officials who are tied up with the bunglers in Washington."

### Coolidge Forces Predicting Victory

Republicans of this community, who are backing Coolidge as the Republican candidate for Governor, report steadily increasing support for the former Lieutenant Governor. They predict victory for Coolidge at the primary election, Tuesday, Sept. 19.

They report that many local Republicans, who were at first confused by the presence of six candidates for Governor, have decided on Coolidge because only Coolidge has defeated Dever before and they say he will do it again this year.

Coolidge, the only candidate to be a former Lieutenant Governor and Senate President, has been vigorously campaigning all

War I. His political career began in 1930 with four years in the Boston City Council. Later he served in the State House of Representatives and in the State Senate, and was State Treasurer, giving him a total of 16 years' experience in state and municipal government.

Active in veterans' affairs, he is a former State Department Commander, past national Senior Vice Commander, and currently a member of the National Service Foundation of the Disabled American Veterans.

over the state since March at all hours and in all kinds of weather. He has been strenuously attacking the record of the present administration, which he describes as "Dever Squandering" and hitting at what he calls "the war blunders of the Washington Administration."

Former Governor Bradford announced, "I am for Arthur F. Coolidge for Republican nomination and election as Governor, and I shall do all that I can to assure his election. He has already defeated the present Governor once; he can do it again, and then carry through the job that needs to be done in Massachusetts for the next two years."

## N.E. Kiwanians In Plea For Fahrenheit

The 32nd annual convention of the New England district of Kiwanis International last Saturday adopted a resolution asking Congress to legalize the entry into this country of Werner Fahrenheit, 16.

Fahrenheit, who helped an American regiment in World War II in Germany by volunteering as guide and interpreter, landed at Westover Field from Germany earlier this year, his fourth attempt, as a stowaway on a United States transport plane, and has lived in Newton since.

The Kiwanians said he had demonstrated that he was "clearly capable of becoming a fine citizen."

He has been permitted to stay in this country until tomorrow (Friday) unless a further stay on his deportation order is granted. A petition, asking that he be allowed to remain here as a displaced person, has been pending before Immigration officials.

Next awards were presented to Alan Weston and Peter Vienott for the best essay and pictorial account respectively of the National Jamboree at Valley Forge. Following these awards a present of a jamboree neckerchief, T-shirt and a troop picture was given by the boys to each of the following Scouts: Mr. Page Sanderson, Mr. David Hoover and Fred Craig, our popular ranger.

Dr. W. W. Marston of 142 Church street has returned from his summer vacation and has resumed his practice.

## To Hold Training Course

## Gray Ladies Are Urgently Needed at Cushing Hospital

Mrs. Robert\* W. Moore, Jr., Chairman Newton Chapter Volunteer Service, reports "there is a very great immediate need for Gray Ladies and Nurse's Aides at Cushing Veterans Hospital."

Other programs seeking recruits include Arts and Skills, Staff Aides, and Entertainment and Instruction. Gray Ladies relieve nurses of extra duties and help the patients through such services as reading, writing letters, serving birthday cakes, etc.

Mrs. Richard Vose, Newton Chairman of Cushing Gray Ladies asks all those interested in participating in the program to call either the Chapter House at LA 7-6000, or her home LA 7-0337. An interview with Mrs. Vose is essential before one enrolls in the Orientation Classes which begin at Cushing the evenings of September 19th and 20th at 7:30. Arrangements can be made through Mrs. Vose for transportation.

Nurse's Aides are urgently needed. Courses for training Nurse's Aides begin October 2nd. So many nurses have been called to active service in the Army and Navy that there is a very great shortage. At Cushing alone there are 150 nurses who are Veterans and 50 who are on the active Reserve list. If you would enjoy this work, get in touch with Mrs. Kenneth Crafts at DE 2-8905, or the Newton Chapter at LA 7-6000.

Arts and Skills cover those who can work in metals, copper and aluminum; leather and copper and leather tooling; skilled weaving, pottery, and painting. A knowledge of two crafts is highly desirable but not required. Call Mrs. Edson Forbes at DE 2-1813, or at the Chapter House, LA 7-6000.

Staff Aides for typing and filing and general clerical work are needed in the Radio Room, Library and Red Cross Offices. Call Mrs. Marie Todino at BI 4-4279, or at the Chapter House, LA 7-6000.

Entertainment and Instruction have asked for two specialists: A pianist for Monday evening who would play for the aphasic patients; and a retired seaman to teach knot-tying on T. B. Ward.

### Largest Entering Class Of Hospital School of Nursing Numbers 47

Forty-six New England girls, and one lone New Yorker, comprise the entering class at the school of Nursing at Newton-Wellesley Hospital. Including ten girls from Newton, the new class is the largest group ever to enter the hospital's school. Forty-four of the girls hail from Massachusetts, one from New Hampshire, one from Vermont and one from New York. With the entering class, total enrollment at the school reaches 148.

The three-year course of the school includes a three-month period of affiliation with The Children's Hospital of Boston and a similar period at the Metropolitan State Hospital at Waltham or the Boston Psychopathic Hospital.

Accredited by the Massachusetts Board of Examiners in Nursing and the National Nursing Accrediting Service, the school was recently rated as being in the nation's top 25% by the National Committee for the Improvement of Nursing Services.

The new class will be the first to come under the direction of Miss Myrtle L. Fuller, recently appointed to succeed Miss Mabel McKiver who is retiring as Director of the School of Nursing. ### Residential Division Leaders Meet To Report for Opening of Campaign

The first gun in the fall preparations for the 1951 Red Feather Campaign in Newton went off with a bang when 58 leaders in the Residential Division met at the Nurses' Home, Newton-Wellesley Hospital, last Thursday night at the invitation of Robert R. Walker, residential chairman.

Addressing the group were Edward C. Micoud, President of the Newton Community Chest, Winslow H. Adams, 1951 Newton General Chairman, Arthur F. Veinott, Chairman of Public Relations for the Newton Community Chest, and H. J. Pettin-gill, Executive Director of the Chest.

Mr. Walker presided and urged all Residential Majors to hold group worker meetings at their homes or at some suitable place during the period October 8 and October 15. He pointed out that this year it is especially important that all workers be adequately informed about the needs of the Campaign and its beneficiaries, and introduced Mrs. Morris Courtiss, Chairman for Worker Meetings, who will assist in arranging details with the leaders for the success of these meetings.

Mr. Walker announced that there will be a meeting of Chairmen, Assistant Chairmen Majors and Captains for the areas of Waban, Newton Highlands, Upper Falls and Lower Falls in the home of a co-operating citizen of Waban on Wednesday evening, September 27; a meeting for the same leaders in Auburn-dale, West Newton, Newtonville, and Nonantum at a similar location in West Newton will take place Monday evening, October 2; and a further meeting of lead-

### Youths Cause of Too Many Accidents

"Drivers under 25 years of age are having far more than their share of traffic accidents, according to studies made in several states," said Chief Philip Purcell of the Newton Police Department.

"Driver education in our schools is essential, and we can be thankful Newton's young people have the advantage of such instruction," he continued. "There is no reason why our young people shouldn't be our best drivers if they would just show that their judgment and sense of responsibility can be equal to their driving skill."

The Chief offered the following tips for young drivers:

1. Be alert at all times; prepare for whatever other drivers, or pedestrians, may do.
2. Take pride in your technical skill as drivers. Drive with consideration for your car, your passengers, and the other people using the streets or highway.
3. Avoid abrupt maneuvers; use the correct hand signals to let other drivers know what you are going to do — and signal in plenty of time.

### Discussion Group to Be Organized

A discussion-workshop group has been formed at the Mason and Rice Schools this year to help parents better understand the needs of their children.

## Plan For Annual Halloween Party

Plans for Newton's tenth annual Halloween celebration, in which more than 10,000 school children of all ages will participate, were outlined at a meeting of the Halloween Supporting Committee, held last Wednesday evening in the Newton Centre Play-ground House.

Howard Whitmore, Jr., appointed as General Chairman of Newton's vast, city-wide celebration for the third time, presided at the meeting and warmly welcomed the old and new members of the Committee. Paying a glowing tribute to the hundreds of committee members and volunteer workers who are so freely and generously offering their time and energy in order to assure the success of this mammoth undertaking, he expressed himself as confident that this year's parties will overshadow those previously held, both in size and scope. All the Committee members present reflected Mr. Whitmore's optimism and enthusiasm, and at the close of the meeting many said this was "the biggest and best most animated" Supporting Committee initial meeting since Newton's first civic celebration, ten years ago.

Mr. Whitmore referred, in most complimentary words, to the article, "How One City Handles Halloween," which appeared in the September issue of the magazine, "Recreation," and details Newton's Halloween programming and procedure. He revealed that the article was written by Mrs. Ragna Howgaard, who has each year been Program Chairman of the Halloween Committee, and whose tireless work and devotion have been major factors in the outstanding success of Newton's incalculably valuable celebrations.

Mayor Theodore R. Lockwood, one of those few men and women who, ten years ago, visualized the far-reaching benefits of Newton's controlled Halloween parties, pointed out that it is today clear that the objectives originally set up were being achieved, even beyond expectation. He thanked all who are co-operating in this year's event and spoke feelingly of their willingness and readiness to give their time and effort to such a worthy and important enterprise.

Mr. C. Evan Johnson, Commissioner of Recreation, whose Department sponsors the parties, and whose enthusiasm and organizational ability are an inspiration to the entire Halloween personnel, stated that this year's parties will be more extensive than in the past, inasmuch as there will be additional gatherings in the two new school buildings.

Mr. Harold B. Gores, Superintendent of Schools, said that the

HOWARD WHITMORE, JR.

Committee could count on the full co-operation of the entire School Department. Mr. Gores is a strong advocate of Newton's Halloween parties, and has previously declared he considers

EXECUTOR—To settle my estate when I die. Must know how to gather the assets, pay the debts, prepare estate and income tax returns, manage investments, file accountings, etc. Experience essential—No beginners need apply. Box 1622.

Probably nobody ever put an ad like that in the paper.

But maybe it wouldn't be such a bad idea after all!

#### EXPERIENCE ESSENTIAL

At least you'd be trying to find somebody with the most important qualifications of all—experience.

Unfortunately most people, when they make their wills, don't realize that experience is an executor's most valuable qualification. They give the technical and complicated job of settling their estates to "beginners."

And yet these same people wouldn't think of hiring a stenographer, a cook, or a housepainter without asking all about this little matter of experience.

Let us tell you how our experience as executor may save money for your estate. Our services cost no more than those of an individual. Come in with your attorney at any time.

## Long's Chestnut Hill Store to Open Tomorrow

The Thomas Long Company, 40 Summer street, Boston, will open their new Chestnut Hill store this Friday noon. Conveniently located at the new Chestnut Hill shopping center on the Worcester Turnpike, between Hammond street and Hammond parkway, Long's new suburban store is easy to reach by automobile and has ample parking space on the store property.

Mr. Robert Perkins of Brighton, who has been with Long's for fifteen years, has been appointed manager of the Chestnut Hill store. Others of the staff are from Long's Boston store.

Long's new Chestnut Hill store is the only one within this area with big city parentage. Beautiful — modern — its decorative scheme lends itself to the fine merchandise for which Long's is famous.

Here will be found nearly all the items that are carried at the Boston store — the finest in diamonds, watches, sterling sil-

ver, china, gold jewelry, costume jewelry, handbags and men's accessories. Here will be an opportunity for customers to shop leisurely and comfortably in an atmosphere of beauty.

Long's Chestnut Hill store will be open from noon on Friday to nine p. m. as well as on other Fridays through the year. Store hours on other days will be from 9:30 a. m. to 5:30 p. m.

The store extends a cordial invitation to all to visit it — if only to browse around.

Church, Providence, R. I. before assuming rectorship of the Church of the Transfiguration six years ago, when he has had an outstanding record of spiritual leadership.

He is a member of the Board of Directors of the Order of Sir Galahad as well as other State and National organizations. He is a Camp Director of O-A-T-Ka, East Sebago, Maine, one of the largest and oldest church camps for boys in New England.

In 1937 Rev. Mr. Berndt married Elizabeth Blakie Dennen, daughter of the late Archdeacon and Mrs. E. J. Dennen. Mrs. Berndt was graduated from the Wheelock School, Boston and received the bachelor's degree of education from Boston University. The Berndts have four children.

Rev. Mr. Berndt will become the 19th rector of St. Mary's Church since the laying of the cornerstone in 1813. He succeeds Rev. Roger Wolcott Bennett, who died suddenly last summer. St. Mary's is the oldest Episcopal Church between Boston and Worcester and is an outstanding example of early Colonial architecture with its box pews and churchyard dating back to the early nineteenth century.

It has a large, modern parish hall and house, built before the war, and a new rectory erected several years ago. It serves parish members in Woburn, Newton, Lower Falls, Waban and Weston.

The following report recently was made to the Parish: "On June 2, 1950, a special Parish meeting was called to consider the report of the committee to recommend a new rector. The meeting was well attended and all present took an active part in the deliberations. The committee to recommend a new rector reported that they had investigated a number of ministers who had been suggested by Bishop Nash, members of the parish and others. In all fourteen names were submitted to the committee.

"All members of the committee visited at different times the Church of the Transfiguration, Edgewood, R. I., the Rev. William B. Berndt, Rector. All were greatly impressed by Mr. Berndt and felt that his previous success at the Church of the Transfiguration and the dignity with which he conducted the service were indications that no was the man best qualified to assume the rectorship of St. Mary's.

"The committee unanimously and enthusiastically voted to recommend to the vestry that Mr. Berndt be called. The vestry, at a special meeting unanimously voted to accept the report of the committee. At the special Parish meeting it was proposed to elect Mr. Berndt as rector of St. Mary's and was unanimously voted.

"As required under Canon Law, we notified Bishop Nash of our intention and received a reply from him that he would welcome Mr. Berndt to the Diocese and that our intention met with his approval. We have notified Mr. Berndt.

"He will be able to be with us October 15. We are looking forward to this date with a great deal of pleasure and anticipation."

## Primary-

(Continued from Page 1)

In the contest for the nomination in the 4th Middlesex District, Christian Herter, Jr., ran up a remarkable vote, receiving 3,568 votes to Representative Rawsons 3,038 votes. Following Rawson were Alderman Paul Rich, with 1,864 votes and Alderman Winfield Anderson with 1,583 votes.

The Newton vote, in the Republican contest for the Senatorial nomination in the Middlesex and Suffolk District, Senator Richard H. Lee swamped his opponents, receiving 10,781 votes to 492 votes for Hawes, 356 votes for Hodgdon and 350 votes for Sutcliffe. Although figures are not available at this writing from the Cambridge Ward and the Brighton ward in this district, there is little doubt but what Senator Lee won the nomination without any difficulty.

In the Republican primary, 12,991 votes were cast out of a total Republican registration of approximately 14,000 and from this figure it would appear to indicate that many of the more than 24,000 unenrolled voters here prior to the primary Tuesday, voted in the Republican contest.

In the Democratic primary here, a total of only 1,306 votes were cast. In the contest for Representative from the 4th Middlesex District, Lynch and Murphy won the nomination with 408 and 503 votes respectively while in the 5th Middlesex District, Kneeland and Hodgdon won the Democratic nomination with votes of 359 and 254 respectively.

The Newton votes in the contest for the Democratic nomination for Senator, gave Walter A. Hodgdon a total of 450 votes against 171 for Sutcliffe, 166 for Muldoon and 163 for Quinn, the latter two being from the Brighton ward of the district. The outcome of this nomination is unknown as this is written.

them a highly valuable out-of-school educational activity.

Mr. Rupert C. Thompson, Secretary of the Newton Chamber of Commerce, expressed his appreciation for the fine support given the parties by the business men of Newton. In mentioning that the Chamber will again serve in soliciting funds for the parties, he said that contributions from individuals and business houses will be most welcome.

Mr. Gilbert Champagne, Chairman First Aid, Newton Chapter, American Red Cross, said he was planning for qualified first-aid assistance at each party this year, and hoped that additional volunteers would get in touch with him.

Others who offered their help, in any way requested, were Mrs. B. Alden Thresher, Chief of Police Philip Purcell, Assistant Fire Chief William Fanning, Mr. William J. Maloney, Commander U. V. O., and Dr. Charles O. Richter, Assistant Superintendent of Schools. At the conclusion of the meeting, the entire committee was served refreshments at the home of Mr. and Mrs. Worthing L. West, 56 Tyler terrace, Newton Centre.

Among the printed informational data distributed at the meeting by Chairman Howard Whitmore, was the following listing of Halloween Committee members:

## Coach Huston Optimistic About Outlook As Newton Meets Belmont Saturday

Football coach Warren Huston of Newton High School really expects this year will be a good year for a change. "Never before since I've been teaching at NHS," says Coach Huston, "have we had boys who like to play and hit like these boys do. And," says the coach, "this is also the first time that we've really been ready for our first time that we've really been ready for our August twenty-eighth."

This certainly is an enlightening prospect for our loyal Newton rooters, who would really like to see their team get some good breaks this season.

No one, however, is putting himself out on a limb by saying that we'll win all the games. The team will take each game as it comes, doing their level best to win each time. And even if they lose, they hope to profit by the experience.

According to Mr. Huston, John Tripp and Bob Shannon are the fastest halfbacks in Class A football. Both ran on the track team. If the line can just break away, the backs should be able to go all the way.

Weymouth (twice), Everett and Rindge Tech have been the scrimmage opponents. They've given stiff opposition but NHS has given it right back. The Black and Orange has two lines, ready, waiting, and eager to go.

Saturday's game with Belmont should be not too hard to win. In the starting lineup will be Dick Whelan at left end; Warren Van Tine, left tackle; John Dutton, left guard; and Charlie Brown, center. Right guard will be Barkey Boole; right tackle, Charles Nangle; and right end, Dave Harber, who, said Coach Huston, just decided he wanted to play first string, and went right about proving he could do it.

In the back field, will be either John "Pinky" Higgins or Dick Fitzpatrick. Left half will be Johnny Tripp; fullback, Dan Coffey; and right half, Bob "Dodo" Shannon. There is nothing definite yet about replacements. But this is a good starting lineup and all we can do is say, "Good luck, boys!"

of the splendid cooperation given by these groups to the Teachers' Federation in its endeavor to entertain new teachers in Newton in private homes. Among those attending this meeting were Dr. James B. Palmer, school committee chairman; Harold B. Gores, superintendent of schools; and Charles O. Richter, assistant to the superintendent.

## Republican Rally Huge Success

Over one thousand people attended the Newton Republican Club rally at the Weeks Junior High School last Friday evening. Practically every candidate for state office in Massachusetts attended and spoke and gave reasons why he or she should be elected to office and told how they could improve present conditions of government in Massachusetts. It was a colorful evening with banners and posters and cards being used in great numbers. Some of the candidates for Governor brought 30 of their campaign workers with them, many carrying posters bearing various slogans. The people of Newton had a wonderful opportunity to see and hear their candidates.

Candidates for local offices were also presented to the meeting but time did not permit their speaking. As it was the meeting started promptly at 8:15 p.m. and was not adjourned until nearly 11 p.m., and every minute was filled with enthusiastic activity.

District Attorney George E. Thompson very capably acted as master of ceremonies. John W. Whittemore as general chairman of the committee had all plans completed so that everything went off with a fine precision. Republican Club president, L. Johnson Callas, opened the meeting with a hearty word of welcome to candidates and audience alike and closed the meeting predicting a Republican Club victory in Massachusetts.

## Campaign-

(continued from page 1)

ers in Newton Centre, Newton, Chestnut Hill, and Waban Hill Tuesday evening, October 3. Invitations have been issued to all of the leaders involved. Oak Hill is arranging a special meeting.

Chairman Adams announced that while the goal of the 1951 Red Feather Campaign has not as yet been determined, expectations are that it will be substantially above the goal of last year. He congratulated Mr. Walker on the fine personnel he had secured for leadership in this year's Campaign, and emphasized the importance of all leaders and workers attending meetings.

Mr. Michaud pointed out that in the Campaign workers are not raising money for charity, but for needed social and health services available to all citizens of Newton. He pointed out that all organizations and businesses are finding their cost of operation moving up, and Red Feather services are no exception. He said that the public relations program aimed to give the solicitors and the general public a better knowledge of what Red Feather services do and whom they serve.

Stress was laid by all speakers on the importance of getting out a large attendance for the "Kick-Off" Dinner at Newton High School Thursday evening, October 19, which launches the Campaign in the Residential Division.

## New A & P Super Market To Open This Morning

The "Store of Tomorrow" was unveiled in Watertown this morning (Thursday) when A&P Food Stores celebrated the grand opening of its new super market at 50 Watertown street across the Charles from Watertown Square.

The new store, which is surrounded by a large, paved parking area, is completely self-service and incorporates the most modern facilities yet developed," according to Joseph W. Kelly, vice-president of A&P and in charge of the company's operations in this area.

Departments specializing in the handling of foods are bakery, candy, fresh produce, frozen foods, grocery, dairy, coffee and meat.

Highlights of the store are the 100 per cent self-service meat and fish department and the refrigerated produce department. Other features include a Holly Carter Candy Department and a Jane Parker Bakery Department.

The grocery department carries a complete selection of groceries and household items. Development of completely new and streamlined shelving permits the display of a wider variety of food items. A frozen food department carries a wide variety of fruits and vegetables.

Other features include fluorescent lighting and expiditer check-out stands with special express check-out stands for customers with four or less purchases.

The development of this store in Watertown marks another milestone in the career of A&P in this community. Mr. Kelly said. Since the first A&P opened here, he pointed out, housewives have found that the economies effected by A&P in streamlining the distribution of food stuffs have made possible the purchase of quality merchandise at the lowest practical prices.

The large turnover of products, an essential part of the super market operation, means the company can operate on narrow profit margin, passing on the savings to both grocers and consumers, he said.

These savings were not accomplished at the expense of employees, he emphasized, for the company was the first grocery retailer to adopt a five-day, 45-hour week. In addition, all A&P employees are granted insurance benefits, retirement pensions, vacation with pay, and sick leave.

Manager of the new store is Arthur Redding with William Mercer as assistant manager. Guy Uilo as produce department head, Arthur Anderson as meat department head, Bruno Introni as coffee-dairy department head, and Mary Slattery as bakery department head. Lorraine Hiltz will be the bookkeeper.

RUTH WEBB LEE

Mrs. Robert Gleason, Mrs. Nelson Howlett, Mrs. Hugh McCrea, Mrs. Raymond Scribner, Mrs. John Simons, and Mrs. George Whitehead.

An interesting old coach, with figures dressed in antique modes, will be exhibited on Walnut street.

Ruth Webb Lee, one of the foremost writers on glass, will be present at the antique show. She is the pioneer in the study and research of American pattern glass.

Without the slightest question, Mrs. Lee pioneered the field, for her first book, *Early American Patterned Glass*, was written when experts were agreed that the research involved was so intense that it would preclude the possibility of such a book being written. Today it is in the 26th large edition and is commonly referred to as "the glass collectors' bible." The result of Mrs. Lee's life study of early American glass has made her the leading authority on reproductions.

## Newtonville Men Land Much Fish

Norman Dean of 62 Page road, Newtonville, knows his fishing and to prove it he went to Pleasant Bay, Cape Cod last Saturday and returned with striped bass, three among others, weighing 23

pounds, 25 pounds and 30 pounds. Accompanying him on the trip was Dr. Munroe of Kingston road, Newton Highlands who landed a 25 pound bass and Harland Flagg, of 116 Plymouth street, Newton Highlands. The large catch was attributed in part, to the hurricane wind which blew the striped bass in towards shore.

#### Celebrates Pontifical Solemn Mass

Auxiliary Bishop Eric F. MacKenzie last Saturday celebrated his first solemn pontifical mass in the presence of many distinguished members of the clergy at Sacred Heart Church, Newton Centre.

The church was filled with parishioners and more than fifty clergymen who were either former curates or parishioners. The Very Rev. Charles B. McInnis, pastor of Our Lady of Presentation Church, Brighton, delivered the commemorative sermon.

"We rejoice," Msgr. McInnis said, "because the fullness of the priesthood has been granted to one who has always been a fine priest in the fullest sense of the word."

"The bishops of the church, as leaders by Divine command, apostles by Divine inheritance, saints, scholars, administrators, missionaries and martyrs, have built up during the ages the Kingdom of God wherever men were to be found," he said.

Mrs. Angelina MacKenzie of Brighton, 88-year old mother of the new Bishop, was seated with a group of relatives. Monsignor seated within the sanctuary included the Rt. Rev. Robert P. Barry, pastor, St. Clement's Church, Somerville; the Rt. Rev. Patrick J. Waters, pastor, St. Brigid's Church, South Boston, and the Rt. Rev. Richard J. Quinlan, pastor, St. John the Evangelist Church, Winthrop.

### Statue Of Sacred Heart Is Dedicated

Archbishop Richard J. Cushing, at the dedication of the statue of the Sacred Heart near Our Lady of Help of Christians Church on Washington street, Sunday, told more than two thousand parishioners that if necessary, more priests of the diocese would be added to the 60 already in the service of the country. In keeping with the spirit of sacrifice which the nation faces in these trying times, he said that these priests will be supplied even though a scarcity results. Their presence in the armed services is mandatory in order that they enable the boys to keep up with their devotions no matter where they may be called, he added.

The sermon on the church lawn followed the blessing of the new Sacred Heart statue, an anonymous gift on behalf of the Church of Our Lady as a memorial to the 55 members who made the supreme sacrifice in World War II, and to those now in combat. Emphasizing that greater sacrifices than ever before must be made for the defense of our country, Archbishop Cushing called upon citizens to pray for peace. He said that those who pass the statue, opposite Our Lady's High School, should regard it as a sobering reminder of these sacrifices.

Following the dedication of the statue, a procession to the lawn of the church took place where Benediction of the Blessed Sacrament was given on the church steps by the Archbishop. The procession was comprised of members of the Girls' Drill team of Our Lady's High School, St. Vincent de Paul Society, members of Company K of the 101st Infantry of the 26th Division, led by Capt. William J. Mahoney, Girl Scouts and Cubs from the parish.

John Donovan, Martin E. Conroy, Lewis Lanced and Vincent Harris, four honorary degree members of the Knights of Columbus were also in the group. Assisting at the ceremony was the pastor of the church, Rev. Michael E. Doherty, with three parish priests, Rev. John H. Quinlan, Rev. Francis X. Bransfield, Chaplain of the Yankee Division, who holds the rank of major, and Rev. John A. Sears.

Rev. Walter Doyle, popular assistant pastor of St. Philip Neri Church in Waban and chaplain at the Newton-Wellesley Hospital for the past eight years, was transferred last week to St. Agnes Church in Reading where he will serve as an assistant pastor.

Father Doyle formed and directed the Waban Catholic Club, composed of high school students, and also the Laetare Club, a group of junior business and professional women organized for charitable purposes.

The current combined chest x-ray and heart disease screening project is sponsored by the Newton Health Department, Newton Health Demonstration Program, Newton Tuberculosis and Health Association, Newton District Nursing Association, and Massachusetts (Continued on Page 3)

### Over 1400 To Direct Halloween Parties

According to Mrs. Ragna Hovgaard, Program Chairman of Newton's forthcoming city-wide Halloween celebration in which upwards of 10,000 school children of all ages will participate, well over 1400 men and women, principally parents, will serve on the many committees needed to plan and direct the 250 separate parties.

"Organizational work is moving ahead fast," said Mrs. Hovgaard. "And we've got to work fast, because this is a huge undertaking and there's a lot to do in just a few weeks. Several building chairmen have already got their committee personnel lined up and some have held preliminary meetings to consider basic plans and programs. Our entire organization will certainly be in full swing very shortly, headed for what I'm confident will be one of the best Halloween celebrations since we started them ten years ago."

Mrs. Hovgaard added that one of the reasons she is so optimistic is because of the all-out cooperation of the entire School Department, whose assistance has been such an important factor in the successful parties of other years. Particularly significant, she feels, is the statement made by Harold B. Gores, Superintendent of Schools, that he viewed Newton's Halloween celebration as "a valuable, out-of-school educational experience."

Filling a long-felt need, a new infant formula preparation room has recently been added to the increased physical facilities of Newton-Wellesley Hospital. A gift of the Hospital Aid, Women's auxiliary of the hospital, the new installation was completely paid for by funds provided by this group. A sum somewhat in excess of \$8,000 was made available by the Aid for the necessary equipment and construction costs.

Previous facilities had been poorly situated and cramped for space, since it had formerly been necessary to combine both a special diet kitchen and an infant formula laboratory in one limited area. Realizing that renovation of the existing formula room would be too expensive and recognizing the space limitations of the former site, it was decided to make use of an open back porch on the private maternity floor. This space, above the service wing of the hospital, had never been used for patient convalescence for which it had been intended. Consequently it had become a storage area for decrepit wheel-chairs awaiting repair, surplus beds and similar orphaned materials.

Since no funds were available in the general hospital budget or in the new construction program to meet this pressing need, it was realized that the Hospital Aid Association had, before the war, expressed an interest in improving the old formula room and special diet laboratory (Continued on Page 2)

## Junior Aid Association Preparing Gala Fall Bazaar October 17

The Junior Aid Association of the Newton-Wellesley Hospital is preparing a gala fall bazaar in the Second Church, West Newton, October 17, from 10 a. m. to 9 p. m. This occasion will be the greatest activity of this young organization's first year. This Junior Aid is the offspring of the Hospital's Senior Aid and its organization should be credited to the ability of the president, Mrs. Ernest F. Railsback, aided by Mrs. Sally Clark and Miss Leah Keever. This Junior club ranks in age with the new children's wing, for which it is planning to provide essential equipment.

The Junior Aid now numbers 250 members who like the seniors give hours of practical service in the hospitals. They are on the lookout for more aides to join this club. They have enjoyed social events and look forward to the bazaar as both pleasure and also a means of supplying equipment for the children's department.

The wonderful spirit of the two Hospital Aid Associations can best be expressed in the figure 16,000 hours of service given in the hospital during the past year. The officers are:

President, Mrs. Robert Warren of Wellesley; Vice-presidents, Miss Sally Clark, Newtonville, and Miss Margaret Lohrhop, Waban; Secretary, Miss Leah Keever, Auburndale; Publicity Chairman, Mrs. V. J. Mason, West Newton; Membership Chairman, Mrs. William Giles, Newtonville, and Correspondence Chairman, Mrs. Charles Colbert, Wellesley. Mrs. Stewart T. Hamilton and Mrs. Ernest P. Railsback are the Advisors of the Junior Aid.

The bazaar was largely due to Miss Sally Clark's inspiration. The co-chairmen for this event are Mrs. Theodore Martin, Newtonville, Mrs. Edward Allen, Newton Highlands, Mrs. James

C. Monroe, Wellesley, and Mrs. Theodore Leonard, Newton Highlands.

Department chairmen are: Food Table, Mrs. Bruce Wolf, Mrs. Jack Parker and Mrs. Joan French; Luncheon Booth, Mrs. Nicholas Trent; Handicrafts, Mrs. Robert O'Neil, Miss Sally Clark and Mrs. Robert Proctor; White Elephant Table, Mrs. Warren Huston; Penny Pitch Game, Mrs. Wilmer Heath; Grabs, Mrs. Melvin Gulbrandsen; and Balloons, Mrs. Daniel Prescott.

Pony Rides will interest the children and door prizes will entice the elders.

Through this means the Junior Aid hopes to provide financial aid to the children's needs.

Newton's Civil Defense organization sponsored a showing of official U. S. Army films on the "Medical Effects of the Atomic Bomb" for members of the Newton Medical Club and various city officials in Usen Auditorium at Newton-Wellesley Hospital.

Detailed studies of the effects and a survey of requirements for advanced protection, relief, and evacuation, as well as the general phases of atomic bombing were dealt with in the films.

Included in the capacity audience were members of the Headquarters Staff of the Department of Civilian Defense under Arthur J. Swett, Chief Deputy Director; Mayor Theodore R. Lockwood, members of the Board of Aldermen, and a number of practicing physicians from Newton and Wellesley. Heads of Newton city government departments, including the school and welfare departments, and Chairman William J. Maloney of the United Veterans Organization also attended.

tory. Moreover, the group were seeking possible projects to be undertaken during the year that then lay ahead.

Authorization having been received to start construction of the new facility, a special nursery committee was appointed to deal with the matter. This committee was composed of the Chief of Pediatrics, the Chief of Obstetrics, the Obstetrics Supervisor, a representative of the Women's Auxiliary and the Assistant Director of the hospital.

Plans were drawn which were based on the latest available information and on the recommendations of the American Hospital Association and the Academy of Pediatrics.

The exterior of the open-porched area was enclosed with translucent glass brick walls which included transparent glass areas, ventilating glass blocks and an exhaust fan. The interior of the porch was divided by wood and glass partitions which transformed it into a light, clean and efficient unit.

The room was designed to include four separate, yet conjoined areas. A surgically clean area was connected to the "unclean" section to which the soiled bottles and utensils are returned for washing by a pass-window at the junction of the "unclean" sink and the stainless-steel formula preparation unit. The refrigerator area was located so as to be readily available both to nursery personnel who would draw or its contents and to the formula room personnel who prepared the materials stored therein. A supervisor's area, in the center of the room, permitted supervision of formula room personnel, the instruction of new students, demonstrations of proper techniques to new mothers and dressing room facilities.

The entire unit is equipped with washable surfaces and equipment. The mechanical aids (electric bottle washer and bottle rinser), the scrub sink and the autoclave for final sterilization of both formula and preparation equipment are of stainless steel construction or of glass and tile where needed. Thus it is possible to maintain the exacting standards of cleanliness so necessary to the protection of the hospital's infant population.

The relatively low cost of the new installation is due, in part, to the utilization of waste space and of materials from the previously existing unit wherever possible. An interesting by-product of the operation of the new infant formula room has been the number of suggestions received from other department heads for the renovation of other partially-used areas elsewhere in the hospital. This presumably poses a new challenge to the ladies of the Newton-Wellesley Hospital Aid Association.

The new food shopping center, pictured above, contains more than 12,000 square feet of floor space with parking facilities for more than 150 automobiles. Arthur Redding, insert, top, is manager and Arthur Anderson, insert bottom, is meat department head of the new food center, which employs 75 men and women. Both Redding and Anderson were formerly at the A&P located at 275 Center Street, Newton Corner, which closed two months ago.

## Discussion-

Newtonville Branch Library and will be a combination of two groups and under the leadership of Mrs. Lawrence Farwell and Joseph Gannon. There is the opportunity for additional members in this group, which will hold its first meeting Monday at 8 p. m. The third year group will also begin its season Monday.

Monday evening, October 9, at 8 p. m., there will be a meeting at the Newtonville Library Hall for any interested in joining the first year group or becoming members of the second and third year groups. The leaders of all Newton groups will be present.

Explanations of the group activities will be given and a practice session held. The meeting place of the new first year group and the time of meeting will be determined by the choice of members. There are a number in Newton who have taken part of the first year course and will probably be glad of the opportunity to complete the course. The leaders of the new course will be Albert Gayzagian and Harold A. Wooster, Chief Librarian of the Newton Free Library, with other leaders to be chosen.

The Great Book Discussion Groups are an adult education activity, the purpose of which is to read a selection of classics which contain great thoughts on human freedoms, human relationship and the principles of democracy. This is not a lecture course or a book review course. The leaders ask questions, stimulate discussion and the exchange of ideas is the great value of the course. There are Great Books Discussion Groups in Boston and the headquarters are at the Boston Public Library. There are a number of groups which meet in cities north of Boston and new groups are starting this year at Wellesley and Belmont. A leadership training course is now under way in Boston.

Those interested in becoming members of discussion groups should give their names and express their interest at the Main Library, BI 4-9040 or at the Newtonville Branch Library, BI 4-0520.

## Most Beloved Car in the World!

Ask the owner of a 1950 Cadillac whether he expects his next car to carry the same proud name—and the chances are he will find it difficult to believe you are serious.

It simply never occurs to him that any other car could take the place of his beloved Cadillac.

And this deep respect for Cadillac goes far beyond its owners. In fact, it overflows the whole of America.

A survey just completed indicates that almost half of all the motor car owners in the United States would buy a Cadillac if they felt it suited to their economic situation.

Surely, there has been no finer example of quality's ability to hold the respect and regard of the American people.

## Capacity Congregation Marks Reopening of Messiah Church School

Rally Day was observed with a family service at 11 a.m. last Sunday at the Church of the Messiah, Auburndale, with a capacity congregation marking the reopening of the Church School for the Fall term.

A special anthem, "O Come, Let Us Worship" by Mueller was presented by the Junior Choir of forty voices under the direction of Mrs. Carlton Blanchard. The Senior Choir led by Frank Perry Pickett, Organist sang "Seek Ye The Lord," by Roberts. "Cooperation" was the title of the sermon by the Rev. P. McClintock and was based on Saint Paul's letter to the Galatians 6:2. The rector said in part:

"Here we are at the beginning of another Church School year. We have provided the best materials that money can buy and we have some interested and faithful teachers who are giving themselves heart and soul to this work. Yet it will be useless unless we all cooperate. Our aim is to relate God to the lives of these little ones that they may have a measure of the strength and inspiration we find in our church life together. Johnny will not gather much if he is here today and absent the next three Sundays and so on throughout the year. Absence may make the heart grow fonder, but it certainly does not quicken the awareness of the knowledge and goodness of God. The absent child learns nothing here."

"I was about to say, 'Send your child every Sunday' if you want him to get the most from what we have to offer! Rather I should say, 'Bring your child every Sunday.' The child who shares with his parents the experience of coming into God's presence both at home and in church has something that all the dictators and totalitarian powers in the world can never take from him."

"I note that some children are here without their parents. So I need to address a word to the absent parent. We miss you in the family pew. Perhaps it didn't seem important to you to be among those present while your children and their friends begin another year of Church School. Perhaps you think of church school as a sentimental memory which in the final analysis is 'kid stuff,' eventually to be outgrown by adults who are subsequently free to play golf, read the comics in peace, sleep and lounge, putter, or go off for the day."

"If you think so you are doing your child a great injury. By your example you are teaching your child that religion and the things of God are of little importance and that pleasure

should never be sacrificed to make room for them. You are bringing your child up in a world that has largely lost its spiritual perspective and you are fearful of what will happen to your child in the years to come. By a little effort on your part you could give your child the spiritual heritage to which he is entitled and which will aid him to weather the storms to come."

"More and more parents are worried about the problems which beset their adolescents in our troubled world. Those who have had a community of religious interest and experience over the years and have come to a point of understanding, goodwill, and cooperation by dwelling together in the house of the Lord find a solution to these problems. Mind you I do not say that they are free from the problems. We all have them but somehow those who have been close to God together find a way of solving the problems. Those who have lived as strangers apart from God and apart from one another find that these problems knock the props from under them."

"It is unfair to expect great miracles to be wrought by the church school unless we are willing to cooperate and do our part as parents, believers, and church members. If we cooperate, if we bear one another's burdens it will be a good year for us and for our children. If there is any fundamental doorway to fullness of life it is by cooperation with one another and with God. In the words of Saint Paul, 'Bear ye one another's burdens and so fulfill the Law of Christ.'"

chusetts Department of Public Health. Volunteer workers from the Newton Chapter of the American Red Cross are assisting the screening staff of physicians, nurses, and technicians.

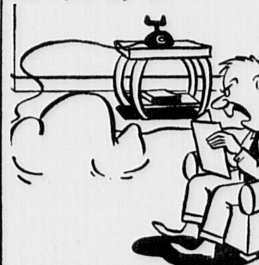

A screening center for the present program has been set up on the second floor of the Newton Police Department building on Washington street in West Newton.

A person being screened starts by answering a few questions about possible heart disease symptoms. He then has his height and weight recorded. A public health nurse takes his blood pressure and a public health physician examines his heart with a stethoscope. A chest x-ray completes the ten-minute screening examination.

A report of findings is sent to the person about three weeks after he is screened. Dr. Morris pointed out that this program does not make a diagnosis, but "screens out" those with a suspicion of disease. A very large percentage of those screened will be found to have no suspicion of heart or lung disease. When there is any suspicion of disease, the family physician is notified, and the person is advised to see him. All reports are confidential.

### Our Community Spirit

Newton is fortunate. Its people are the kind who respond willingly to appeals for help. In the past the Red Cross, the Community Fund, the Boy Scouts, the Jimmy Fund, and all the various good causes have had reason to be grateful for the fact that our people have big hearts.

Newton is fortunate. Its people enjoy freedom. They are a part of a freedom-loving nation.

Right now Newton is being asked to support the Crusade for Freedom, a movement whose aim is to make a show of strength—the united strength of a people opposed to communism's aggression and tyranny.

It is freely predicted that this community will maintain its record in the case of the Crusade for Freedom, that every citizen will come forward and sign the Freedom Scroll affirming his belief in the sacredness of the individual and his belief that all men derive the right to freedom under God.

When the scrolls are enshrined under the great Freedom Bell in Berlin on October 24, let them contain the name of every citizen of Newton. And let every citizen contribute what he can to the fund for establishment of a chain of private radio stations that will pierce the Iron Curtain in Europe and Asia with encouraging messages to the oppressed people there, with American truth as an antidote to poisonous Red propaganda.

### Current Comment

#### Both Parties Will Now Aim for Harmony . . . G.O.P. Has Real Job of Consolidation . . . Political Posters Remain an Eyesore

On Saturday the two political parties will put on a show of harmony at their two State conventions as they gird themselves for the battles of fall, the Democrats gathering in Springfield with Vice President Barkley their top attraction and the Republicans assembling in Boston's Symphony Hall.

Defeated candidates for party nominations will appear and call for the election of men whom they assailed publicly in the recent primary campaign, and there will be a concerted effort to forget some of the harsh words that were uttered two and three weeks earlier.

That may not be true in all instances because there have been some intimations that certain of the candidates and their prominent backers will still be sulking in their tents when next Saturday arrives, but an attempt will be made to get them to go down the line for their party.

The Republicans have much more of a problem in this regard than do the Democrats for where the G.O.P. saw a six-man struggle for its gubernatorial endorsement, Governor Dever was unopposed for renomination, and the only criticism of him came from Republican office-seekers.

Most of the unsuccessful Democratic primary contenders were of such minor stature that it doesn't make much difference what they do in the coming fall campaign, but it will be somewhat different on the Republican side of the political fence.

Some very potent G. O. P. figures of the stamp of Henry Cabot Lodge, Jr., and Joe Martin backed candidates against Arthur W. Coolidge, and Mr. Coolidge certainly will need plenty of help from them and other men who were aligned in the Denfeld, Needham and Barnes camp as well as the disappointed workers who supported Judge Miles.

Lodge and Martin, seasoned politicians, were careful about what they said during the primary, confining themselves to positive endorsements of the men they were supporting and making no disparaging references to any of the other candidates.

But that was not true with a good many of the other Republicans of varying degrees of importance when they were calling for the election of Denfeld, Needham, Barnes or Miles, and a number of them announced in loud tones to the citizenry that his man was the only one of the six who could win in November.

It's going to take a very large quantity of tact and diplomacy to make one happy family of all the Republican politicians who were in opposing camps in the primary, and some experienced observers are doubtful that it can be done.

#### Fox, Dever's Secretary, Has Thankless Job . . .

One of the key figures who will be working behind the scenes in the coming Massachusetts gubernatorial campaign, directing possibly the most important phase of the Democratic electioneering, would not be recognized on the street by the average voter.

Yet, on the success or failure of his efforts may depend to a great measure whether the Governor of Massachusetts for the next two years is Paul A. Dever or Arthur W. Coolidge.

His name is J. John Fox, and he is the energetic, hard-working trouble-shooter and chief secretary to Governor Dever. He is a tireless man, whose average working day ranges anywhere from 12 to 16 hours.

One of the reasons Republicans think they have a chance of capturing the Bay State on November 7 is that political history has shown that a sizeable number of voters don't go to the polls for anything other than a Presidential election.

Over the last 20 years in Massachusetts the Democrats have achieved their greatest victories in Presidential years and the Republicans have made their strongest showings in the so-called off-year elections.

It is accepted as political fact that the Democratic chances are brightest when the turnout of voters is heaviest.

All that adds up to the fact that the most important task confronting Governor Dever and his political strategists is to get the "lazy" voter to the polls on election day, and that is the job which will fall to Secretary Fox who is regarded as a master of organization work.

You may not hear much about him because he does not seek the public spotlight, but in coming weeks as various drives are launched for the enrollment of new voters and to get out the old ones on election day, you will be pretty safe in assuming that the hand of J. John Fox is behind them.

Next to being Governor, the position of chief gubernatorial secretary is by far the most difficult one at the State House, and many seasoned political observers will tell you that the chief secretary has far more problems and headaches than the Governor.

He is the buffer between the Governor and all the people who would like to see the State's chief executive personally. No Governor yet has presided over the State House who could listen to all the persons who wanted to tell their stories directly to him. There just aren't enough hours in the day.

Fox has done a difficult, thankless job at least as well as anyone who has held it in recent years and considerably better than most who have held the office. If there is any way of getting those indifferent Democratic voters to the polls five weeks from next Tuesday, he is likely to find it.

#### Burrell's Victory a Problem to Republican Party in State

We also will be interested to see whether Fred J. Burrell of Medford, the Republican nominee for State Treasurer, will be accorded any place of honor and allowed to speak at the G. O. P. State Convention in Symphony Hall next Saturday.

Burrell is a duly nominated member of the State ticket who polled a much bigger primary vote than did former Lieutenant Governor Coolidge, but he won the endorsement over the determined and energetic opposition of almost every Republican leader in Massachusetts as well as the Republican State Committee and numerous other party leaders.

He poses a ticklish problem for the G. O. P. high command. He wasn't wanted on the Republican State ticket, and party leaders did everything they could to keep him off it. They endorsed Selectman Roy C. Papalia of Watertown. They threw every ounce of influence they could behind Papalia. Even the Republican State Committee abandoned its traditional policy of neutrality in a primary and supported Papalia.

But the Republican voters still nominated Burrell, as they had a right to do. Now the party leaders can take the position that Burrell's nomination was a mistake, that the people who voted for him didn't know what they were doing and hadn't been listening to what was told them by their party bigwigs. That is probably a fact, but it would be a pretty severe indictment of a large segment of Republican voters.

On the other hand, the G. O. P. leaders could take the position that the final decision on whom should and should not be nominated rested with the rank and file of Republican voters, that Burrell was the choice of the majority of the voters in their party who took the trouble to go to the polls for the primary and that they have no alternative but to abide by that judgment and to welcome Burrell on their slate.

Yet, to support him for election would be inconsistent with the things they said against him over a period of weeks. They're in a predicament that won't be easily solved.

Both State conventions should furnish some interesting political news this weekend.

#### Political Posters an Unsightly Nuisance

One of the most disgraceful aspects to the recent primary was the manner in which candidates for positions of public trust and responsibility allowed their campaign workers to plaster up political posters on empty buildings, trees, street light and telegraph poles, and public property such as bridges and MTA uprights.

Whatever useful purpose, if any, they may have served to draw public attention to the names of office-seekers before primary day, they are now eyesores and will be for months to come until the rain and wind finally wash them away.

Something certainly should be done about this growing nuisance. If the members of the State Legislature were a little more alert they would enact a law making candidates responsible for the removal of such posters, but the sad fact of the matter is that some of our legislators themselves are guilty of the practice.

One thing that can and should be done in the future is for the voters to make a mental note to ballot AGAINST any and all candidates who as part of their campaign show a complete disregard for the appearance of the community for which they profess so deep a love and affection.

#### Few Politicians Are Television Stars

After watching some of the political candidates perform over the television channels in the recent primary, we can only offer the observation that it was a very fortunate thing for them that more people didn't have television sets.

By what reasoning a candidate for some obscure office thinks that if he purchases radio or television time he will have approximately the same listening audience as did the late Franklin D. Roosevelt delivering one of his famed

fireside chats, is a complete mystery to this department.

The average politician by no means is a modest, shy or retiring individual, but even so it is a constant source of wonderment that his self-esteem is so high that he assumes that the voter sitting at his radio or television set will breathlessly tune him in to the exclusion of some real entertainment or some sporting event.

### Groups Endorse Crusade For Freedom

In a report on the organization of the Crusade for Freedom in Newton John S. Bottomly, chairman, announced that the service organizations in the city had unanimously joined in the "Crusade." Roy S. Edwards, president, and Rupert C. Thompson, executive secretary, of the Chamber of Commerce stated in a letter to Chairman Bottomly that they sincerely trusted that the citizens of Newton would join the members of the Chamber of Commerce in signing the Freedom Scroll.

The Newton Lodge, No. 1327.

B.P.O. Elks through its Exalted Ruler, Joseph Chevarley, has declared its unqualified support of the purposes and spirit of the Crusade. A Freedom Scroll and canister will be circulated at the next meeting of the Lodge in October.

By a vote of its board of directors the Newton Junior Chamber of Commerce has recommended that its membership sign the Freedom Scroll and contribute as generously as possible to the support of Radio Free Europe at a meeting to be held tonight at the Newton Y.M.C.A.

The directors of the Kiwanis International Club of Newton at a meeting on September 11, passed unanimously a resolution recommending that its members endorse the Crusade at their next meeting.

At a special meeting on September 14, the directors of the Newton Lions Club unanimously accepted the invitation to participate in the Crusade for Freedom. The entire membership will give the subject its consideration at a meeting on September 28.

On behalf of the Rotary Club of Newton, Mr. Fred A. Hawkins stated that he and the Rotarians of Newton were proud to join in the Crusade and to aid in the achievement of its aims.

Miss Helen M. Doxey of Newtonville, as president of Zonta International Club of Newton, endorsed the re-dedication to the fundamental principles of freedom implicit in the signing of the Freedom Scroll.

The Newton Post No. 211 of the Jewish War Veterans through Mr. Arthur Wasserman announced that it had unanimously endorsed the Crusade for Freedom at its meeting September 18 and had offered the services of its individual members as volunteer workers.

Chairman Bottomly stated that the organization of the Newton Committee for the Crusade for Freedom was nearing completion so that an opportunity will be given to all citizens of the city at an appropriate time to inscribe their names on the Freedom Scrolls, to be permanently enshrined in Berlin, Germany, on October 24, in the base of the Freedom Bell, and to participate actively through Radio Free Europe in the counter-attack of truth against Communism.

However, the politicians regularly pass up some of the possible avenues of actually reaching the voters to concentrate on the radio and to a lesser extent on television. Their listening audience usually probably consists of the members of their families and their immediate friends, but they just can't believe that.

### Text Of Bomb Guide

The U. S. Conference of Mayors being cognizant of the fact that much of the published material on Civilian Defense against the atomic bomb has been so technical in character that it is difficult for the average person to understand just what an individual should do in event of atomic attack, have passed along the following "down to earth" instructions which are brief and can be clearly understood. We suggest that readers clip them for study and reference.

These instructions are not intended to alarm you but to help save your life. A sudden, unprovoked attack upon any community either with high explosives or atomic bombs is a possibility. Your life may depend upon strict observance of the following:

1. Learn how to protect yourself and act calmly.  
You will probably have enough warning so that you can seek shelter.

Remember that the effect of bombs, including the atom bomb, is limited.

Concrete, steel and earth are effective against the blast and heat of a bomb as well as the radioactivity of an atom bomb. They also provide a barrier to flying objects and glass, which are the most dangerous results of an exploded bomb.

2. Upon the siren warning signal, take shelter at once!  
A. If you are in or near a building which has a basement, go there.

Lie next to a wall or against the base of a strong supporting column. Stay away from windows.

B. If there is no basement available or it is already fully occupied, go to a lower floor in the building. If possible, stay off the upper floors if the building is high and off the ground floor if it has large glass areas. Keep close to an inside wall and away from windows with your back to them.

C. If you are out of doors in a vehicle or on foot, go to the nearest building as above or into the nearest subway station. If no such shelter is available nearby, lie down in the nearest ditch or gutter or against the base of the nearest wall. Cover yourself with newspapers, raincoat, or anything handy.

D. Stay sheltered until the all-clear signal is given.

3. If an atomic bomb comes without warning, immediate action can protect you.

The first indication of an atomic burst would be a sudden increase in light. If possible, don't look at the light. Try to cover all exposed parts of the body.

A. If you are in the open when the sudden light comes, drop instantly to the ground and curl up to cover bare arms and hands, neck and face with clothing. The curled-up position should be held for at least ten seconds with your back to the light before standing up.

B. If you are in the street and some sort of protection such as a doorway, a corner or a tree is no more than a step or two away, you may take shelter there with your back to the light and in a crouched position. Wait at least ten seconds before you stand. (No attempt should be made to reach a shelter if it is several steps off.)

C. If you are inside a building or at home, drop to the floor with your back to the window, or crawl behind or beneath a table, desk, or counter. Wait at least ten seconds before you stand. The safest places inside a building are the interior parts and it is desirable to keep as close to these as possible.

4. Remember the following about an atomic explosion:

A. Most injuries and deaths are due to being thrown against something or being struck by falling objects and glass.

B. Taking shelter or shielding your body will protect you from the second largest cause of injury—flash burns.

C. After the explosion, watch out for incidental fires caused by short circuits, escaping gas, or open fires. Do whatever you can to put them out or keep them from spreading. If leaks occur, turn off the gas and water where they enter the building.

D. The radio-activity of the atomic bomb, while serious, has been exaggerated. Actually it causes less casualties than blast or heat. Since radio-activity may linger after an explosion, don't be in too much of a hurry to leave your home or shelter after a raid. Wait for the all-clear signal before you leave.

### Boston Conservatory Offer Complete Courses in Music

The Boston Conservatory of Music announces the opening of the 1950-51 school year. Registration for the fall term at the Boston Conservatory of Music, 26 Fenway, began September 11. The office will be open evenings until 8:30 p.m. for the registration of evening students.

Four-year courses leading to the degree and diploma are available in voice, piano, organ, all orchestral instruments, composition, music education, drama, and dance. A two-year certificate course is also available in piano, vocal and instrumental subjects.

The evening school offers instruction in all musical subjects with regular faculty members. Evening students may register for a single subject or pursue a course leading to graduation. The faculty now numbers more than 60 musicians and teachers, many of whom are of national and international repute.

The drama department under the direction of Harlan Grant and the dance department under the direction of Jan Veen offer four-year courses on a college level. The faculty of these departments is composed of professional actors and dancers.

The Boston Conservatory has become widely recognized for its policy of limiting the size of its classes, thereby giving ample opportunity for each student to receive the necessary individual guidance. It annually attracts students from all parts of the United States, Canada and many foreign countries. Recent graduates are now employed in major symphony orchestras and many are holding positions as directors and supervisors of music in various states. In 1944 and 1950 two of the Conservatory's graduates won the honor of the Fulbright award for a year's study abroad.

**Gifts-**

(Continued from Page 1)  
a long way to go, yet. Newton's quota is twenty-three thousand dollars. And since it's a fact that the average contribution is moderate, it means we can meet our quota only through donations from a great many families. Actually I'm hoping we'll even exceed our goal. I'm not basing that hope, however, on the possibility of larger contributions from those staunch friends of the "Army" who have given year after year, but on the earnest belief that many people who have never given before, will give something this year. The Salvation Army deserves the support of every family in Newton; and I believe every family will feel the urge to share, even if only in a very small way, in the prompt, humane service it renders to people of every race, creed and color who are in dire need.

At least twenty per cent of every dollar donated in Newton remains in the community for local use. Mr. Prior pointed out. This amount, he explained, is administered by the Newton Service Fund Committee for immediate need, without red tape or delay. Not a cent of Newton's fund, he added, is spent for rent or overhead expenses of any kind, and all members of the committee serve without pay.

Mr. Prior further stated that the organization of workers is still growing, and announced the addition of the following new volunteers as members of the Residential teams:

## Jr. College's Freshman Orientation Program Opens With Addresses by School Officials

Newton Junior College's freshman orientation program today (Thursday) opened with brief addresses by Dr. James Palmer, Chairman, Newton School Committee; Raymond A. Elwood Drake, Ed.D., Director, Newton Junior College; and Charles Morgenthau, Dean, Aptitude tests, tours of the buildings and facilities, and a social hour completed the second required freshman orientation program of the junior college.

After the talks in front of the fireplace in the Junior College

Library, various members of the junior college staff were introduced to the freshmen, and light refreshments were served in the Social Room. Afterward the freshmen, divided into two groups, began their two-day program of reading and psychological tests.

Friday morning, Dr. Drake will explain the routine details of life in Newton Junior College. Alan Corkum, William Fleming, Ann Freedman, Esther Meader, and Alan Springer, members of the sophomore class, served as hosts and hostesses during Registration Days, September 25 and 26, and Freshman Orientation Days.

Newton Junior College fills a need for two large groups of students. It offers the freshman and sophomore college years for students who would be successful in college, but who must live at home one or two of the college years. It also offers complete two-year programs in business administration and general courses of study. For the first time, this year a program in Merchandising is offered.

Dr. Drake points out that an increasingly attractive social and extracurricular program is made available to students through the Student Council and the new Activities Fee.

## Miss Eleanor Goldthwaith Brackett Weds Mr. Richard Shutter Buse

Wearing her maternal grand-mother's 19th century wedding gown of antique ivory brocaded satin and faille with a court train, Miss Eleanor Goldthwaith Brackett, daughter of Mr. and Mrs. Edward Tappan Brackett of Newton, was married September 23 to Mr. Richard Shutter Buse, son of Mr. and Mrs. Harold Bernard Buse, also of Newton. Her long veil of French illusion was fashioned in the style of the period and she carried stephanotis and button chrysanthemums. The candlelight ceremony was performed by the Rev. Randolph S. Merrill in the Central Congregational Church, Newtonville, followed by a reception at the Brae Burn Country Club.

The six bridal attendants wore gowns of emerald green velvet with shoulder capes. The maid of honor, Miss Jacqueline Hervey of Centerville, and the matron of honor, Mrs. Philip H. Crowell Jr., of Hingham, sister of the bridegroom, carried basket bouquets of bronze chrysanthemums, talisman roses and ivy, and wore matching bands in their hair. The bridesmaids, carrying similar bouquets, were Miss Jean Marie Hoagland of Newtonville; Miss Barbara Ann Hough of West Hartford, Conn.; Miss Dorothy Weichel of Belmont; and Mrs. Roger L. Hewson of South Weymouth.

Mr. Stephen F. Burke of Newtonville was the best man and Mr. Richard W. Brackett, brother of the bride, was the head usher. The other ushers were Mr. Philip H. Crowell Jr. of Hingham, Mr. Robert S. Swanson of Flushing, New York; Mr.

## Timely COMMENTS

By JOE DI VECCHIO  
PREPAREDNESS

Now, no one ever tries to beat the strongest man along the street. But, should he fail to keep in trim, then someone soon would pounce on him. So, nations that awake too late are subject to the same sad fate. To be prepared and stay that way should be the order of the day. You'll be better prepared for a good afternoon's work if you eat a substantial lunch. At the Snak House Delicatessen, 346 Centre St., you can get real all-beef frankfurters and delicious potato salad in generous portion. Try this treat and you'll make Snak House a habit. Hours 7 A.M. to 6 P.M. Monday through Saturday. Breakfast served anytime before noon. Auburndale and Oakhill bus stops right at the door.

HELEN TRAUBEL

## Helen Traubel Opens Wellesley Concert Series October 11

The Wellesley Concert Series, entering its fifth decade of service to the college and the surrounding communities, is very happy to be able to continue presenting the finest artists on the concert stage today. In spite of excise taxes, increased production expenses and other dire signs of expensive living costs, the enormous and enthusiastic response of the Concert Series audiences permits the concerts to continue with no increase in ticket prices. For 1950-1951, the management is proud to present:

October 11, HELEN TRAUBEL, one of the most noted and talented sopranos in the world. She has disproved forever the fiction that only European or European-trained singers can successfully sing the great and taxing roles in Wagnerian operas. Born and raised in this country, she has shown by her understanding, artistry and musical quality how great have been the advances in cultural and teaching progress in the United States. She is a proudly native, and she sings Wagner, Beethoven, Schubert or Negro Spirituals with equal ease and insight.

On November 15, the two-piano combination, LUBOSHUTZ and NEMENOFF, will appear at Alumnae Hall. They are the most popular duo pianists in the country today and are particularly well-known in New England because of their frequent concerto appearances with the Boston Symphony Orchestra, both in Boston and Tanglewood.

For the third concert on March 12, we have been so fortunate as to be able to present JASCHA HEIFETZ, the violinist who has become a legend in his own time. Indeed, violin-playing and Heifetz have become synonymous. Usually, this great instrumentalist plays in auditoriums seating three to four thousand people. The comparatively intimate atmosphere of Alumnae Hall will give his admirers a richer chance to enjoy and be enveloped by the splendor of his playing.

On April 25 we have the annual concert dedicated to devotees of chamber music and enjoyed by them and everyone else. GEORGES LAURENT and his famous FLUTE-PLAYERS CLUB are no strangers to this audience and we are looking forward eagerly to an evening of novel interest and exquisite playing.

30 Charles street, and Mrs. James E. McElowney, who, with her husband and three children are on furlough from Leonard Theological College in Jabalpur, India. They are living at the Walker Missionary Home in Auburndale while Dr. McElowney is studying audio-visual education at Boston University.

Mrs. Lawrence B. Smith, vice-president, gave a very interesting and inspiring report on the Second Annual Institute of Missions and Service of the New England Conference of the Women's Society of Christian Service, which was held at Rolling Ridge in North Andover from September 12 to 14.

The next meeting of the Society will be held Wednesday evening, October 4, when the Flower Guild will have charge of the devotion and the Martha group will serve refreshments.

Centenary Methodist Church in Auburndale has Mr. Alan Robert (Bob) Cleaton, of Cambridge, for its new youth worker. Mr. Cleaton has had a wide acquaintance with the national youth organization of the Methodist Church, having been a state officer in Indiana during college. He is now studying "Religion on the college campus" at Boston University. He is acting superintendent of the Sunday School, and is in charge of the Youth Fellowship which meets at seven o'clock in the evening on Sundays. A cordial invitation is extended to all youths of junior high school and high school.

## Miss Dora Hetherston, Formerly of Newton, Married in Cambridge

Miss Dora Hetherston of Cambridge, formerly of Newton Highlands, was married Saturday afternoon, Sept. 9, at Appleton Chapel, Harvard Yard, Cambridge, to Robert William Murphy, graduate student at Harvard University School of Design. Rev. Samuel H. Miller, minister of the Old Cambridge Baptist Church, performed the four o'clock double-ring ceremony.

John Cummings Hetherston, assistant secretary at the University of Pennsylvania, Philadelphia, gave his sister away. Miss Joan Murdoch, daughter of Mr. and Mrs. William Murdoch, 45 Wade street, Newton Highlands, Smith College graduate now on the New York staff of the American Academy in Rome, was bridesmaid. David M. Cooper of Newton, a classmate of the bridegroom at the Harvard School of Design, was best man.

The ushers were Stanley L. Cummings, cousin of the bride, of Greenfield, formerly of Newton Centre, and Harold H. Charles of West Roxbury, another classmate of the bridegroom at Harvard.

For her wedding Miss Hetherston wore a street-length dress of pleated white nylon with short veil. Her bridal bouquet was composed of white eucharis lilies, swainsonia, with tiny white chrysanthemum and ivy. Miss Murdoch's bridesmaid's gown was aqua taffeta, with wreath of bronze chrysanthemums and corsage of chrysanthemums and yellow eucharis lilies with ivy.

Following the ceremony at Appleton Chapel, a wedding reception was held at the Harvard Business School Faculty Club.

Daughter of Mrs. Victor Montgomery Hetherston, 10 Chauncy street, Cambridge, assistant in courses at Harvard Graduate School of Business Administration, and the late Mr. Hetherston, the bride was graduated from Newton High School, class of 1940, and from Monticello Junior College, Illinois, and received her A.B. from Middlebury College, Vermont, in 1944. She is now secretary for Bogner and Richmond, architects, in Cambridge.

Mr. Murphy received his B.S. in Engineering from Leland Stanford University, California, in 1947, following three and a half years of military service as a lieutenant with the U. S. Army Engineers in the Philippines and with the army of occupation in Japan. He is the son of Colonel (retired) and Mrs. Dennis P. Murphy, of Gig Harbor, Washington.

The wedding brought together numerous members of the Cummings family of Newton, headed by the bride's grandfather, Rev. John E. Cummings, 49 Pelham street, Newton Centre, 88-year-old retired Baptist missionary who served nearly half a century in Burma. Other former Newtonites present included Roger Cummings, now professor of philosophy and religion at Ottawa University, Kansas; Ross Newcomb, Oregon state director of marine biological research, and Mrs. Newcomb (Lora Cummings), of Corvallis, Ore.; Mrs. Dora Cummings Noague and daughter Lucy, Cambridge; Stanley L. Cummings, now practicing law in Greenfield, Mass., with Mrs. Cummings and their young son Stanley III. Also attending was Miss Carol Cummings, daughter of William H. Cummings, now regional director for Southeast Asia of the Food and Agriculture Organization (FAO), affiliated with the United Nations, with headquarters in Bangkok, Siam.

Following their honeymoon at Wake Robin, the bride's family's summer cottage on Lake Memphramagog, Quebec, and a motor trip across Maine, New Brunswick and Nova Scotia, Mr. and Mrs. Murphy will make their home at 44 Langdon street, Cambridge.

## Newton High Romps Over Belmont by 20 to 0 Score

Off to a flying start went Newton High's football team last Saturday as they romped over Belmont High 20 to 0. Danny Coffey and Bob Shannon were the outstanding players of the day.

Newton's kick-off went to the ten-yard line. After being prevented from making much progress, Belmont kicked on the fourth down, but the kick was against the wind and went only to the thirty-five yard line where it was picked up by Bob Shannon and carried to the twenty-three. In the final minutes of the first period Dan Coffey scored a touchdown and the kick was made by back Dick Fitzpatrick. Fitzpatrick replaced starting back Pinky Higgins after Higgins injured his wrist.

Because of a penalty against Newton, the ball was kicked off from the Belmont forty-five yard line for the third period, and was taken on the twenty. After working steadily up the field, Newton scored again, this time in the form of Bob Shannon who took the ball from the twenty yard line and raced down the left side of the field to score. Fitzpatrick again made the kick to bring the score to 14 to 0.

The third and final touchdown came in the final minutes of the game. Shannon took a twenty-five yard pass on the fifty yard line and then scampered over the goal line. Also in the fourth period, Newton tried hard for what would have been a fourth touchdown. They were stopped, however, on the six-yard line by a determined Belmont defensive, and finally pushed back.

On the whole, Newton took twenty-five yards in penalties, Belmont only five. Two Belmont men were hurt early in the game and had to be taken out. Newton showed itself to be much stronger, both offensively and defensively, than Belmont. Belmont did not advance much beyond the fifty yard line at any time. Whether this means that the Orange and Black is particularly strong or that Belmont is particularly weak, only time will tell.

## Vets to Aid Registration

William J. Maloney, chairman of the United Veterans' Organizations of Newton, announces that these veterans organizations are prepared to do all in their power in promoting registration of all eligible voters in the City of Newton.

With the assistance of Norman Mitchell, a member of the Board of Registrars, the UVO delegates found that in Newton there are over 13,000 citizens who have, to date, failed to register as Newton voters and Maloney states that this list should be cut to hundreds instead of thousands.

He also says that, due to the fact our boys are once more being called to protect our democracy and democratic way of living, it is high time that we, as citizens, do our bit by, at least, voting when we are called upon to vote, as the dangerous vote is the absent vote.

Mayor Theodore R. Lockwood has proclaimed Oct. 2 through Oct. 6 as "Newton Pre-election Registration Week" and the UVO has pledged itself to help our Newton citizens to register as Newton voters.

Newton City Hall is open daily to such applicants to register and during "Registration Week" will also be open nights from October 2 to October 5, from 7:30 p. m. to 9 p. m., and on October 6 from 7:30 p. m. until 10 p. m.

Any Newton citizen desiring transportation for such purpose, either day or night, may contact William Maloney at LA 7-1699 or Mr. Mitchell at City Hall and such transportation will be gladly furnished by the UVO. Veterans of both World Wars, have learned the duty of civic responsibilities and, consequently, are endeavoring to make Newton a city of 100 per cent citizens.

# Newton Plans Mock Disaster Saturday, October 7th

Plans are now entering the final stages of preparation for the mock disaster trial to be held in Newton. The date is to be Saturday, October 7. An important meeting will be held this Friday evening at the Red Cross Chapter House, 21 Foster street, Newtonville, which will be conducted by Riley Hampton, chairman of the Red Cross Disaster Committee.

Mayor Lockwood will attend the meeting, along with other city and Red Cross officials, as well as certain members of the Civilian Defense Committee, Joseph Mastroianni, Field Representative of the Eastern Area Disaster Service, of Red Cross in Alexandria, Virginia, will address the meeting to point out just what plans for the mock disaster entail, and how they are to be carried out. Mr. Mastroianni has guided groups in other cities in carrying out similar tests.

During the coming week, he and the chairman of the various Red Cross services involved will meet with their committees. Thus all key personnel will be advised as to the roles which are to be played in this important test in Newton. Further details concerning the mock disaster itself will be made public next week.

The Chapter's new Disaster Plan Manual is in the process of being distributed to all committee personnel, city departments, civil defense committee, community agencies and mutual aid chapters. This seventh revised edition, more complete than previous ones, is compiled for use in local peace time emergencies. The role of the Red Cross Disaster Committee in Civil Defense is that of being one of its most important functional units. Whether for peace time or war time emergencies, Newton Chapter is studying preparedness.

Phi Chapter of Alpha Epsilon Pi at the University of Massachusetts announces the election of two Newton undergraduates as officers for the coming semester. Gerald H. Popkin, 65 Elgin street, Newton Centre has been elected Master of the Fraternity. He is also editor of the 1951 Index, the University's yearbook. Alumni secretary for the coming semester is Arthur Alintuck, 30 Ellis road, West Newton.
